A CHANGE IN THE OFFICERS

J. B. Rowe Resigns as President of the League and Is Succeeded by W. C. Stewart.

THE RULES OF THE LEAGUE.

The Pottery base ball league met last evening at city hall and held an interesting meeting.

Chal. Stewart was elected president in place of J. B. Rowe, who declined to serve. Each club posted a forfeit to play out the schedule and by a unanimous vote it was decided to permit the West End, Vodrey and Chetwynd teams to consolidate. Each team handed their list of players to the secretary and they are as follows:

West End, Vodrey and Chetwynd's.

Gibson, Orr, Heckathorne, Duncan, Emmerling, Carey, Roser, Smith, Galagher, Ashbaugh and Rumberger.

Knowles, Taylor & Knowles.

League Rules.

The rules for the season were not presented, but will be ready by the next meeting, which will be held Monday evening. Each team will be compelled to abide by the list of players they have handed to the secre-

tary, so there will be no danger of any "ringers" getting in the game. Among the above list will be noticed the names of some of the best ball players in the city and the games should be interesting. Everything possible will be done to make the league a success and it starts under the most favorable circumstances. The employes of the various potteries are much interested in their respective teams and a good crowd is assured at every game. According to the schedule the season will last until October 13.

ELECTED OFFICERS.

SOUTHSIDE STREET RAILWAY COMPANY

Holds Its First Meeting Under the New Ownership and Projects Improvements.

A meeting of the stockholders of the Chester & East Liverpool Street Railway company was held in the offices of the company in Chester this week. It was an important one, as it was the first meeting of the company since C. A. Smith secured control of the line.

The following officers were elected: President, Charles A. Smith; vice president, E. D. Marshall; secretary, James E. McDonald; treasurer, W. L. Smith.

The future policy of the company was discussed at length and it is understood many improvements will be made on the road this spring. It is said that two more cars were ordered and are expected to arrive shortly. A contract was made with Manager L. W. Healy, of the East Liverpool & Wellsville Street Railway company, in which the Chester company is to pay 10 cents per mile for every car operated. In the past the cars were chartered.

EVANGELISTIC.

The Price, the Power and the Peril of a Holiness Life.

This was the theme of Evangelist MacGregor last night at Y. M. C. A. hall. The meeting was one of intense interest, and good was undoubtedly effected. The speaker's representation of the life of the Apostle Peter, before and after his endowment with the power of the Holy Ghost, or holiness, was simply superb and had a telling effect on his audience. MacGregor's earnestness carries his auditors in full sympathy with him. He is magnetic in a marked degree and possesses strong power for good or for evil.

You should not fail to hear his wonderful lecture on temperance to be delivered at 3:30 on Sabbath afternoon next in the First M. E. church.

Meetings every night this week at the Y. M. C. A. hall, to which you are earnestly invited.

MORE CARS.

Patrons Think the Street Railway Company Should Send Out Trailers in the Morning.

Patrons of the early morning street cars think the company should give them a better morning service by putting on more cars early in the morning. They think the company would do well by sending out trailers on all the morning cars, so that the cars would not be so crowded. When the West End is reached it is almost impossible to get on any of the early cars for the reason that all the seats are taken and the aisle and platforms are filled with people.

League Rules.

The rules for the season were not presented, but will be ready by the next meeting, which will be held Monday evening. Each team will be compelled to abide by the list of players they have handed to the secre-

THE MAYOR HAD HEARD OF HER

Minnie Carroll's First Appearance Before Mayor Davidson Cost Her \$1 and Costs.

AND TWO COMMON DRUNKS

Paid Similar Fines on Complaint of Officers Mahoney and Wood.

HERD OF COWS AT LARGE.

Three common ordinary drunks found their way to the police station yesterday afternoon by the aid of three officers.

George William Swancey was the first victim. He came under the notice of Officer Mahoney, who decided that he was drunk. After getting real close to George William, the officer was sure that he was full of bad whisky and he was taken to the police station. Mayor Davidson fined him \$1 and costs.

William Hogarty was the next victim. He was in much the same condition as Swancey when Officer Wood arrested him. He got a ride in the patrol wagon and was assessed \$1 and costs this morning when he faced Mayor Davidson.

Last but not least came the irrepressible Minnie Carroll. She fell to the lot of Officer Aufderheide, who found her in a drunken condition. This is Minnie's first visit to see Mayor Davidson, but she was a frequent caller when Bough was mayor and has spent a great deal of money in paying fines and the last time came near going to the works. She seems to have a very large appetite for strong drink and every time she goes on a spree she winds up at the police station. She was very anxious that the mayor should not know that she had ever been at the police court before, but the mayor had heard of Minnie before she arrived this time. She was fined \$1 and costs and is still in jail waiting for some one to cash up for her.

Complaint was registered at police court this morning that a herd of cows were running loose in the vicinity of Riley McKinnon's, Calcutta road. The matter will be attended to and the owner of the cows notified to keep them off the road.

A FORMER RESIDENT.

Mrs. Allen Makes a Visit to the City After an Absence of 40 Years.

Mrs. Allen, of Williamsport, Pa., is in the city the guest of Mrs. A. M. Davidson, of Broadway. Mrs. Allen was formerly Miss Emma Rose, of this city, and is well known to many of the older residents. This is her first visit to the city in 40 years, and it is natural for her to see many changes in the city. It is very interesting to hear her tell of the city in its early stages.

MAIL CLERKS KICK.

The mail clerks on the Cleveland & Pittsburgh road have made objections to the postal department about lifting the mail from the new box at the passenger station, and it is probable their objections will be sustained. The

clerks claim that it is almost impossible to work the mail, as there is only one box and letters for both east and west and this city itself are dropped in. To leave the car, assort the mail, cancel the stamps and make a pouch ready for the next station is more than one clerk can do, as there is only one clerk in the car.

ASSIGNMENT.

OF CASES FOR TRIAL AT SECOND WEEK

Of April Term of Court Which Begins Next Monday Morning.

Lisbon, May 3.—(Special)—The assignment of cases for the second week of April term, Judge W. W. Hole, presiding, is as follows:

Monday, May 7.—In re estate of Ruan Golladay; Ralph A. Beard, receiver vs. Sarah A. Sharp et al.

Tuesday—J. J. Seldner vs. George L. Seldner et al.; criminal causes.

Wednesday—Criminal causes.

Thursday—L. O. B. Reynolds vs. W. L. Smith, administrator.

Friday—Charles E. Zimmerman vs. Hamilton Howell; E. D. Peters and Sons vs. A. H. Copeland.

INSPECTOR HERE.

Harry A. Sotzen, of the Mansfield Reformatory, Was in the City Today.

Harry A. Sotzen, inspector of paroles of the Mansfield reformatory, is in the city today. The reformatory has four paroled prisoners in this county, two in this city, one in Wellsville and one in Leetonia. The duty of Mr. Sotzen is to visit the cities in which the paroled prisoners are located and see how they are behaving themselves. He is a most affable gentleman and well suited for the duties which he performs. He had little to say to the newspaper men of his mission here and declined to talk on the subject.

WELL FED.

The Prisoners Who Get in the City Jail Are Given Plenty to Eat by Chief Thompson.

A small party of people were sitting in the mayor's office this morning discussing the bill of fare given the prisoners, and one of the party remarked that a discharged prisoner had stated that he didn't mind being in jail, as he had got one square meal for once in his life. The prisoners certainly fare well under the care of Chief Thompson and he gives them plenty to eat, their fare usually consisting of bread, eggs and potatoes. Mayor Davidson remarked that he thought they would have a change next week and give the prisoners flim flams and ice cream.

SPLIT THE DIFFERENCE.

Jury Gave Baker Credit for \$100 on Claim of Having Paid \$200.

Lisbon, May 3.—(Special)—The jury in the case of W. H. Baker, of Columbiana, vs. Samuel Nuzum, of Signal, brought in a verdict last evening. Baker sued to have credit given him for a \$200 payment on an \$800 note. The jury gave him judgment for \$100.

CONFIRMED THE SALE.

Lisbon, May 3.—(Special)—The court confirmed the sale of personal property in the J. M. Vaughn East Liverpool assignment.

ANOTHER JUSTICE OF THE PEACE

Residents Petition Probate Judge Boone For Another Law Dispensary.

IS WANTED IN EAST END

Where Litigants Objects to Adding Car Fare to the Costs In Their Cases.

WILL PROBABLY BE GRANTED.

An application has been made for another justice of the peace for this city by prominent residents, particularly of the East End.

The application was made to Probate Judge Boone and will be heard in probate court Friday, May 18, praying the court to authorize an additional justice in Liverpool township. By a recent amendment to the Ohio statutes it is not incumbent on the township trustees to give notice of an election, but they have the power to appoint when the court so orders.

While the new justice will be for the township and city in general, it is naturally understood by the citizens of the city and the residents of the township that the new officer is for the express purpose of giving the East End of this city a justice. It is perhaps not necessary for the township as a whole to have an additional justice, but the citizens of East End believe they are certainly entitled to an office of the kind in their part of the city.

If at some future time an election would take the justice away from the East End, under the same law a vacancy could be declared upon an application of the citizens to the probate court and such an application would not necessitate the election of an additional constable.

It is not known whether the petition will be granted, but it is not thought there will be any opposition to the plan. East End now has a population of over 2,000, and the residents think they are certainly entitled to have a court in their part of the city without being compelled to come to the city proper every time they want to enter a lawsuit or defend an action.

Andrews-Wilson Marriage.

The marriage of Miss Blanche Andrews to Daniel Wilson took place last evening at the home of the bride's parents, No. 349 Calcutta road, Dr. Clark Crawford officiating. Mr. and Mrs. Wilson for the present will make their home with Mr. and Mrs. Andrews.

STATEMENT FILED.

Lisbon, May 3.—(Special)—James Owens, trustee under the will of William Irwin, filed a statement in court showing that \$528.55 would be required from the proceeds arising from the sale of real estate. A certificate was ordered filed in common pleas court.

The Lineup.

The Laughlin No. 1 team in their game with the Laughlin No. 2 team will line up as follows: Finch, c.; Ashbaugh, p.; Bennett, ss.; Davis, 1b.; Headley, 2b.; Seely, 3b.; Tyson, left; Cooley, middle; Roberts, right; Potts and Bolten, subs.

HOW IT HAPPENED.

TRENTON ACCOUNT OF THE MERCER STRIKE.

Eleven Jigermen Quit Work After a Talk With the Proprietor of the Plant.

The Trenton Times' account of the strike at the Mercer pottery there, is as follows:

Eleven jigermen in the employ of the Mercer Pottery company, laid down their tools this morning and went out of the plant, refusing to work any more until a new wage scale was adopted.

The jigermen held a meeting in their department early this morning, Alfred Croot acting as chairman. While the meeting was still in session James Moses, sole owner of the Mercer plant, came through the department and was stopped by the men and asked what he was going to do about it. He replied that he thought the matter was in the hands of a joint committee, representing the employees and the manufacturers, and therefore, he had nothing to say to them, as the whole thing was with the committee.

The jigermen replied that they wanted the matter settled now, and if it was not they would not do anything until it was. This settled the question at this time and a few minutes later the men went out.

Charles Howell Cook, of the Trenton Potteries company, stated to a Times reporter that everything was working smoothly in all the plants under the control of his company, and that in his opinion no action would be taken by the men before the first full payment of the month was made next month.

Other manufacturers in the city made statements similar to that of Mr. Cook, and in almost every instance the opinion was expressed that the wage question would amicably be settled.

APRIL MARRIAGES.

Fifty-Four Licenses Granted at Lisbon During Last Month.

Lisbon, May 3.—(Special)—Fifty-four applications for marriage licenses were registered at the probate court during the month just closed.

Took Under Appraisement.

Lisbon, May 3.—(Special)—The case of William W. Irwin against Frederick Dewitt Irwin was heard on the report of the commissioners recently appointed in the case. Two tracts of Wayne township land, which is sought to be partitioned, was to be appraised and one containing 60 acres was valued at \$3,500, and one containing 6.09 acres at \$1,000. William W. Irwin, the plaintiff in the case, elected to take the land at its appraised value.

Taylor's Lost Time.

Ohio State Journal.

It is good to see Congressman R. W. Taylor at work again after a long, exasperating campaign for renomination. It was the more exasperating because until the last week of the canvass Taylor had everything his own way. Then Taylor was forced to give up two months of valuable service for the government in order to circumvent his opponents.

Sewer Pipe Trust Absorbs Another.

The American Clay Manufacturing company has secured control of the plant of the Bennett Sewer Pipe company, of Jackson, Mich. This makes 30 plants now operated by the combine. The latest acquisition is one of the largest in Michigan.

A Handsome Home.

The plans for O. H. Sebring's house at Sebring, have been completed. It is rumored that the building will be the finest yet erected at Sebring. It will cost \$12,000, and all the hardware used inside is to be of bronze.

SUBURBAN NEWS.

EAST END.

Mrs. Chambers, of High street, met with an accident Tuesday evening that will lay her in bed for several weeks. Mrs. Chambers is a sufferer from rheumatism, and while preparing supper Tuesday evening tripped and fell, her left side striking the stove. It was partially broken and she is now unable to move except with assistance. She is confined to her room and is under the care of a physician.

James Parker, a clay digger at the sewer pipe works, has moved his family from Pennsylvania avenue to a house in Helena.

George McKinnon, of Railroad street, who has been very ill with grip, is able to be out.

There is a shortage of jigermen at the East End pottery and several positions in this department are now vacant. For several days these firms have attempted to secure workmen, but without success.

Mr. and Mrs. Daniel Derringer, of Helena, desire to thank those friends who so kindly assisted them during their late bereavement, the death of their child.

Harry Manley, a mould runner at the Globe pottery, is confined to his home on Pennsylvania avenue with grip.

Several men are now employed cleaning Columbian park. Several improvements will be made about the grounds.

The many friends of Boyd Eaton will be pained to learn that he is lying very ill at his home in Dixonville and that his recovery is considered doubtful. His condition yesterday was very low.

A game of ball will be played on the lot in the rear of the Laughlin Pottery plant No. 2 Saturday afternoon, between the second clubs of No. 1 and No. 2. The game gives promise of being very interesting.

John Searight is suffering at his home on St. George street with an attack of grip.

Councilman John L. Arnold is making some improvements on his property on First avenue.

The funeral services over the remains of A. L. Harker were held this afternoon in the Second U. P. church. Rev. J. Ross Greene officiated. The services were largely attended. Interment was made in Riverview cemetery.

At the meeting of Senior Mechanics tonight the final report of the committee appointed to secure sites for a new lodge building will be presented. Several new applications will be acted upon.

Arrangements have been made for the transfer of a lot on Erie street, in the Harker tract, to the official board of the Second M. E. church. The transfer will be made June 1, and this lot the church will erect a parsonage.

The Epworth League society of the Second M. E. church, at its meeting this evening will elect new officers. Other important business will be transacted.

ODD STATEMENT.

Massillon Asylum Officials Say Insanity Increases in the Fall.

Fewer patients were received at the Massillon state hospital last week than in any other week in several months. Superintendent Eyman says that the number of insane received weekly will steadily decrease from now till fall, when a turn the other way will be taken.

Cheap Convention.

The cost of the late Republican state convention was less than \$500, all raised by the voluntary subscriptions of Columbus business men. The Columbus board of trade donated the use of the Auditorium.

SOUTH SIDE.

Mr. Brown, of Brown & Coates, Rochester, was on the Southside yesterday. They have the contract for paving. Mr. Brown said that the material would be shipped this week and work on the contract begun next week.

Misses Anna Cummings and Lillian Heakin, of Wellsville, were the guests of Mrs. Richard Banfield yesterday.

The new residence of Clarence Vennum, Carolina avenue, is almost completed.

The plans for the new M. E. chapel are completed, and bids will be received this week. The building will be 50x60 and will cost about \$2,000.

Toll Collector Todd took a day off yesterday, his place being filled by his son, Harry.

Miss Maggie Hagen is the guest of Mrs. Huff, of Chester.

Gus Hutchison, a carpenter working on the pottery, was struck by a falling scaffold Tuesday afternoon and knocked senseless. He was taken to his home near Hookstown. His injuries were not as great as was at first supposed and he returned yesterday ready to work.

John M. Cunningham is visiting his parents in the country.

Mrs. Sarah Hubbard is on the sick list.

Taylor Glass is visiting his brother, A. J. Glass, at New Cumberland.

John Stevens was obliged to quit work at noon yesterday on account of sickness.

The bricklayers are at work on the sewers, their demands having been granted by the contractors.

Mrs. Aaron Moors is on the sick list.

Oscar Allison had quite a scare Tuesday night. About 10 o'clock he saw some one enter through the window. He went after the intruder with a poker, but he made his escape through a door. By the time Oscar found his revolver the man was out of sight. A neighbor next morning acknowledged having done the deed just for fun.

STILL ANOTHER

Scheme For an Electric Road Between This City and the County Seat.

The Salem News says: It seems that a new electric railway project has been quietly gotten on foot and is well under way. Messrs. J. F. Spencer and H. G. Foltz, of Lisbon, and Morris French, of this city, are engaged in surveying a line from East Liverpool to Salem by way of Lisbon, and have already reached the vicinity of Shelton's grove, coming this way. Messrs. Spencer and Foltz are at present making the Grainer-Brainard their headquarters.

County Fairs.

Official dates for county fairs: Columbiana—September 11, 12 and 13, Lisbon.

Jefferson—September 26, 27 and 28, Smithfield.

Mahoning—September 25, 26 and 27, Canfield.

Carroll—October 9, 10, 11 and 12, Carrollton.

Stark—September 4, 5, 6 and 7, Canton.

East Liverpool Will.

Lisbon, May 3.—(Special)—The will of Thomas Starkey, of East Liverpool, has been admitted to probate and Ellen Connor appointed administrator.

Low Rates to Cincinnati via Pennsylvania Lines.

May 7 and 8 for People's party national convention, low rate round trip non-transferable excursion tickets will be sold to Cincinnati via Pennsylvania lines; valid returning May 12, inclusive.

PULMAN PARLOR CARS.

Improving the Train Service to Pittsburgh and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 337 and 338, between Pittsburgh and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large retiring room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburgh at 7:04 p. m., central time, week days.

ATTRACTIVE SUMMER RESORT.

Winona Lake on the Pennsylvania Lines.

Rest, recreation, entertainment and instruction, amid delightful surroundings and congenial company, are the attractions offered by Winona Lake, the pretty resort on the Pennsylvania lines in Northern Indiana.

This resort is the site of the Winona assembly and summer school, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work, and invigorated in body by the health-giving influences for which Winona Lake is famous.

May 15 marks the opening of the season for 1900, and commencing that date excursion tickets to Winona Lake will be on sale via Pennsylvania lines. For particular information on the subject of rates and time tables apply to ticket agents of the Pennsylvania lines, or to F. Van Dusen, chief assistant general passenger agent, Pittsburgh, Pa. Information about attractions at Winona Lake, entertainment, the summer school sessions, etc., will be furnished in reply to inquiries addressed to Mr. S. C. Dickey, secretary, Winona Lake, Ind.

SUMMER OUTINGS.

Where to Go and How to Get There.

The seashore, mountain and lake resorts constitute the most attractive pleasure grounds for the summer idler. They are within easy reach via Pennsylvania lines, and agents of that railway system will furnish full information about rates, train service and through car comforts to any of the summer havens. They will assist in arranging details for vacation trips and give valuable information free of charge. Apply to the nearest Pennsylvania lines passenger and ticket agents and be relieved of all bother in shaping preliminaries for your summer outing and vacation trip. Adam Hill, ticket agent, East Liverpool, O.

St. Louis, Mo., Excursions via Pennsylvania Lines.

TRADES COUNCIL ELECTS OFFICERS

D. M. McLane Was Chosen President at the Annual Meeting Held Last Evening.

INSTALLATION OF OFFICERS

Conducted by Samuel Eardley, the Retiring President—McLane Returns Thanks.

OLD COUNCIL CLOSES BUSINESS.

The annual meeting of Trades and Labor council was held last evening and was largely attended.

The meeting was called to order by President Eardley, and Criss McConnel, Samuel Thomas and James Daragh were appointed a committee to inspect the credentials of the new delegates. The old council then proceeded to wind up the year's business by hearing the report of the treasurer and trustees and a short adjournment was had while the credential committee finished their report.

They reported finding the credentials of the 61 delegates correct and they were at once obligated. The council then proceeded at once to the election of officers, which resulted as follows:

President—D. M. McLane.

Vice President—Leroy Orr.

Treasurer—John Reark.

Financial Secretary—Mrs. Sadie Hays.

Recording secretary—C. W. Brownfield.

Inspector—A. Brannan.

Guard—H. Moore.

Trustees—Leroy Orr, Samuel Eardley, John Powell.

The officers were installed by Samuel Eardley, the retiring president, and took their seats at once. Mr. McLane made a speech thanking the council for the honor they had conferred upon him and stated that he would fill the chair in a fair and impartial manner to the best of his ability. He asked the hearty co-operation of all members of the council in making his administration a success. He will appoint his committees at the next meeting.

GONE FOR MEN.

Contractor Cook Left Yesterday to Secure Bricklayers From Out of Town.

Contractor Ed. Cook yesterday afternoon left for Cleveland for the purpose of securing workmen to come to this city. Before he left the city Mr. Cook said: "If I cannot get workmen in Cleveland I will go to other places, and I have got the means to bring them here. There is lots of work to be done here, and it must be finished."

On the same train with Mr. Cook many striking bricklayers left the city. Some went to Cleveland and other northern towns, while others left for points down the river.

A message was received from the bricklayers yesterday from Pittsburg stating that work could be found for all in Pittsburg, and for as many as possible to come at once. On the late afternoon and evening trains about 15 men left in response to the message, and at present there are very few "floaters" in town. Some left for Pittsburg this morning.

Leaving the River.

A number of Ohio river towboat pilots have announced their intention of leaving the river and engaging in other occupations. They say that there is no longer a living in the busi-

ness, as there are more pilots than there are positions. Under the new arrangements made by the Monongahela Consolidated Coal and Coke Co., which owns half the boats registered at Pittsburg, yearly men have been much work, making it hard for trippers to get employment.

WAITING ON HEALY.

PROJECTORS OF LINE FROM VANPORT HERE

Have Secured Right of Way and Expect to Build Line Within Two Years.

The prospects for an electric line to be built from Vanport to this city are very bright, and work on the line is sure to commence this year. Whether the line will make a connection with the line of the East Liverpool and Wellsville street railway is a question which can only be decided by the officials of that company. During the past month Edward Weynd, of Fairview, Beaver county, has secured rights of way for over half the distance of the proposed road, and he will continue in this work until a right of way has been secured as far as the state line.

Yesterday afternoon Harry R. Dawson, of Fairview, was in the city, and said the line would be completed within two years. The company has secured a charter, and are anxious to confer with the officials of the local line about the extending of this line to the state line. When the road is built through traffic will be inaugurated between Wellsville and Rochester.

ROAD SUPERVISORS.

The Township Trustees Have Vacancies to Fill in Two of the Districts.

The township trustees state that the roads in the township are in very good shape and will need but little improvement this year. There is no supervisor in districts No. 1 and No. 6, as the people did not take enough interest in the matter to turn out at the last election and vote. The trustees will fill the vacancies soon.

MAY BE A SURPRISE.

At the Meeting of Council to be Held Next Tuesday Evening Unless Signs Fail.

It is said there will be a surprise sprung at the next meeting of city council by one of the members who is in favor of having council do everything in a legal manner and he will call attention to a matter that has long puzzled many people, who have tried to figure it out.

HAS ASPIRATIONS.

It is Understood That Councilman D. M. McLane Will be a Candidate For Representative.

It is stated on good authority that Councilman D. M. McLane is seriously thinking of being a candidate for representative at the next Republican primary. The city already has two candidates for the position.

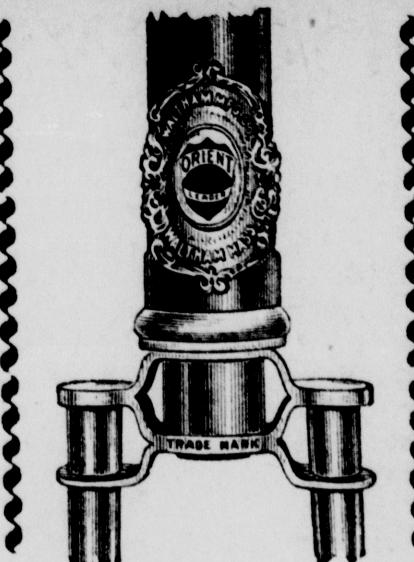

At Liberty Again.

Frances Nichols, the woman who was fined \$100 and costs at Alliance for abandoning an infant at the depot some days since, and who was subsequently taken to Canton in default of payment of her fine, has been released from custody, friends having come to her assistance and raised the necessary amount.

Salem Cyclers.

William Umstead, of the Salem bicycle club, contemplates entering the races to be held here on Decoration day. The Salem club expects to have a race meet some time the coming summer, but probably not before August.

Aguinaldo is now reported dead. Well, he's as good as, anyway.

It is difficult to see what possible effect Pettigrew's sympathy or lack of sympathy could have on the Boer war or anything else.

When Dewey, after viewing the Chicago canal, observed, "There's nothing on the Suez like it," Chicago took it as a compliment. But was it?

POTTERY WORKERS.

Pottery workers are in great demand in East Liverpool. There is no occasion for a skilled potter being idle. The demand exceeds the supply. East Liverpool is one of the most prosperous cities in the United States today.

AGAINST THE CURSE.
Don't fail to hear Evangelist Mc-

Gregor on next Sunday afternoon, at 3:30 at the First M. E. church. He is eloquent, intensely in earnest, heart and soul and life, and he will present to you some startling situations in connection with those accursed, foul and leprous devils, the liquor traffic and the un-American saloon. Take all your friends. You will be well repaid.

DON'T WHINE.

When you must and will dance, pay the fiddler. Don't whine like a whipped cur when punishment overtakes you in the midst of your transgression and sin. Don't complain that you have no friends, while your vile and dishonest and lying practices have driven away from you men who would have stood by you in any and every emergency had you acted the part of an honest and honorable man. Blame no one but yourself. Get right down to the point of honest and conscientious self-examination, ascertain that you have been a mighty mean and unreliable fellow, admit the fact, and then turn over your new leaf and take a new lease on life. Ask God for forgiveness, pardon and blessing; then start at the bottom of the ladder again, win your way into the lives and hearts of good citizens through the mediums of energy, perseverance, truth, honor and honesty, and, backed by God's blessing, nothing can keep you down, and the world at large will be compelled, by the force contained and embraced in such a life, to give you the helping hand. Test it. Try it. Be a man. Don't whine.

THREE MONTHS MORE.

Salem, Sebring and Alliance Trolley Promoters Granted an Extension.

Salem, May 3.—(Special)—The city council has granted an extension of three months to the promoters of the Alliance, Sebring and Salem Street Railway company, whose franchise expired yesterday under the condition that work should be begun within six months from the time the original franchise was granted. Nothing has been done in the meantime. The Stark county commissioners have already granted an extension of three months and Alliance City council promises to follow suit. The promoters are hopeful that the road may yet be built.

FOLEY BROS.

Have Never Signified Their Intention of Accepting a City Contract.

Foley Bros., of Rochester, Pa., who were the lowest bidders for the improvement of Calcutta road and Pennsylvania avenue, have never been heard from, although Clerk Hanley has sent them several communications. It is not known whether they intend to accept the contract, but the city still holds their check. The next lowest bidder was Miller, of Youngstown. Council will take some action on the matter next Tuesday evening. The bids were opened last August and held over until the bonds could be sold.

New Passenger Schedule.

The new passenger schedule of the Cleveland & Pittsburgh road has been printed and will be distributed along the road within a few days. The schedule will take effect May 13. It is said that a number of changes have been made, one of the most important being the change of time in the Pittsburgh and Bellaire accommodation train, due here at 8 a. m. and 7:14 p. m. It is said this train will arrive here from Bellaire later in the morning and will arrive from Pittsburgh earlier in the evening than heretofore.

Cleaning Streets.

The street force are at work today cleaning the paved streets. It has been suggested that it would be a wise idea to keep a gang of men at work on the paved streets all the time.

BOYS OF THE TENTH.

A Number of the Members of B Company Visited Us Last Night.

The boys were in full uniform, returning from their trip to Steubenville, and dropped off to see old acquaintances in East Liverpool. Two of the boys in blue called at the News Review office and had a chat with Sergeant Palmer, recalling scenes and incidents in connection with Manila and her surroundings. One of the couple, Private Veyon, is the grandson of Samuel Veyon, who was a messmate of Sergeant Palmer's during the civil war. Samuel Veyon was a man of wonderful nerve and courage. He was very dangerously wounded at the battle of Gaines' Mill, in front of Richmond, but resolved to die rather than submit to capture and imprisonment in Libby prison, and made his way on foot to Harrison's Landing, a distance of about 17 miles. His grandson is said to inherit his courage and grit—a chip of the old block. Come again, boys: you are always welcome.

THIS WEEK.

Measuring of the Kilns Will be Completed and a Report Made to the Brotherhood.

Vice President Jesse J. Jackson and Statistician James Miles, of the Brotherhood, will finish their work of measuring the kilns in the city this week and will make a report to the executive committee of the Brotherhood at once. The executive board will in turn make a report to the manufacturers and operatives. Mr. Jackson, in speaking of the work, said they found the kilns were very near uniform in size and that there would be but little change in the wages of the kilnmen as a result of their work.

CITY MISSIONARY.

One May be Employed by the Missionary Societies of the Various Churches in the City.

Since the death of Mrs. Letitia Curry the missionary societies of the city have been without a city missionary. Mrs. Dawson, of Smith's Ferry, has made application for the position and a conference of all the missionary societies of the various churches in the city will be held to take action on the matter. It is probable the missionary will be engaged, as there is much work of the kind to be done in the city.

Just Escaped Death.

William Heacock was struck by the accommodation at Sebring and seriously injured. He was thrown 15 feet in the air. His shoulders, face, and hips were badly cut and bruised. He was rendered unconscious, and at first it was thought he was dead. He was taken to Alliance.

An Attorney Here.

Attorney Franzo D. Miller, of Columbiana, was in the city yesterday shaking hands with his many friends. Mr. Miller has temporarily suspended his practice of law and is working for the telephone company. He expects to return to the practice of law in the fall if his health is good.

New Gas Line.

The Fort Pitt Gas company today began the work of laying a new low pressure main in the East End. About one and one-half miles of pipe will be laid. This main will extend along St. George street, through the Boyce orchard and as far east as the new passenger station.

Returned Here.

Robert Steele, who has been employed as a handler at the Ford City China works for some time, has returned to the city and will be employed in one of the local potteries.

STOP THE PRACTICE.

Mayor Davidson and Marshal Thompson Are Determined to Call a Halt.

Our city officials have lately become aware of the fact that an organized system of begging for money, with which to secure whisky, is prevailing in East Liverpool, and especially in and around the Diamond. Mayor Davidson is determined that the practice shall be stopped, and he will make it very warm for the fellows who indulge in such shameless procedure. No honest or honorable working man or mechanic would think of doing such a thing, and our chief magistrate is determined that the dishonorable fellows shall be called down in a manner which will astonish them. Said a prominent business man to the writer today:

"Cap., it has become an actual necessity to call these loafers down. Four or five of them will assemble at a certain point in the Diamond, and they will spot a merchant and tackle him for any sum from five cents to twenty-five cents. They select the individual who will do the tackling, and if he fails, then No. 2 will tackle the next good subject for bleeding, and so on through the list of loafers, until a sufficient sum is secured to pay for a quart or pint of whisky, and they keep this up until the whole crew have what they call a *glorious spree*, at no expense to themselves. I've been bled on several occasions by fellows of this class, young men who were once self respecting and good workmen; but booze has lowered them, and they are ready to do most anything to obtain intoxicants. Forbearance has ceased to be a virtue with me, and I've called the attention of Mayor Davidson to the practice, and I know that Billy will wake 'em up."

EXCITING RUNAWAY.

Ohio Valley Gas Rig Makes a Wild Break Through the Diamond This Morning.

At 10:45 this morning the single rig, owned by the Ohio Valley Gas company, ran off from their shed in the Midway and speeded toward the Diamond, just as the dairy wagon of H. R. Mansfield turned in at Joseph Bros' corner. The driver of the dairy wagon did all he could to prevent a collision and was partially successful. As it was his wheel was struck by the rig, at the same time colliding with a telephone pole, although little damage resulted. The runaway kept on up through the Diamond and out East Market to the Horn switch. It was finally caught heading up Calcutta road by a boy. The driver of the rig, who had been putting a box in the wagon when the horse started off, followed it through the streets yelling for someone to stop the runoff. When he recovered possession he indignantly declared that there wasn't a man on the street, and praised the boy highly for making the capture.

TRENTON SITUATION.

President Hughes Does Not Anticipate Any Further Friction There Just Now.

President Albert S. Hughes has been advised that the jiggermen at the Mercer pottery at Trenton had returned to work and that no further trouble was anticipated. Mr. Hughes said that, as today or tomorrow would be count day at the potteries, some other questions might arise that would form an objection to the new scale.

DIDN'T INDICT HIM.

Grand Jury Ignores the Bill Against C. A. Heck for Refusing Bridge Toll.

Lisbon, May 3.—(Special)—The grand jury failed to find an indict-

ment against C. A. Heck, of Allegheny. Several months ago Tollkeeper Todd, of the East Liverpool Bridge company, made complaint in the court of Justice McLane against Heck, alleging he refused to pay his toll to cross the bridge, because he said the other tollkeeper owed him a nickel. He was given a hearing and bound over to court.

BRICKLAYERS TALK.

Say a Mistake Was Made in Making Two Demands at the Same Time.

A peculiar turn has occurred in the bricklayers' strike, and if reports be true, the executive committee of the International Union of Bricklayers and Masons may request the strikers to return to work. The executive committee, when the facts of the strike were made known, it is said, notified the local union that the strike was unconstitutional, as they had no right to make two demands at the same time. The workmen asked for an increase in wages from 45 to 50 cents an hour and a reduction in the hours from 9 hours to 8. The executive board states the laws of the union have been violated.

This morning a reporter called at the residence of James Larcombe, president of the local union, but he was not at home. The above statements, however, were made by several members of the union who reside here.

A member of the union last evening said: "When the local was formed last October the scale was fixed at 45 cents an hour. Soon afterwards the wages of the men employed by Ed. Cook were advanced from \$3.50 to \$4 a day. This caused an ill feeling among the men employed by other contractors, and for that reason these men wanted to cripple Mr. Cook and fanned the strike."

WILL BE WEDDED.

The Young Lady Has Gone to Her Home to Meet Her Betrothed.

Miss Bertha Benton, a well-known and popular lady decorator, lately employed at the Dresden pottery, left for her home at Ashtabula at noon today, where she will meet her affianced husband, Clayton Hiland, and be united in the bonds of matrimony. Mr. Hiland is a commercial traveler, and he is held in high esteem by a host of acquaintances and customers. The young couple have been associates from childhood, and we understand their course of true love has run very smoothly. The News Review unites with the many friends of Miss Benton in wishing herself and husband all the happiness and success they so richly deserve.

SUED FOR WAGES.

Bridget Campbell Wants Pay for Caring for Michael McMahon.

Lisbon, May 3.—(Special)—Bridget Campbell, of Salineville, has filed suit against John J. Kirk as administrator of the estate of Michael McMahon, deceased, to obtain judgment for \$2,028. Plaintiff claims that she was employed by McMahon to keep house for him March 2, 1894, and that she remained with him until March 2, 1900. That in addition to the house work she nursed him during his last illness and that he agreed to pay her for her labor, and that she never received any compensation. She further states that her services were reasonably worth the above amount, and when she presented her bill to the administrator he refused to allow it or any part of it.

A Floral Miracle.

"The most magnificent floral effect I ever saw in my life," said Robert N. Wilson of the Morgan line, "was in Texas. They have a flower there called the rainbow, the botanical name of which is the cooperia. It usually blooms three or four days after a rain. I was through the country to look after some land for a friend, and the thing that struck me in that particular locality was the utter barrenness of the whole landscape. There was a low piece of land of ten acres or more that was covered with low, black vines that were decidedly uninviting. Four hours later, after a heavy thunder shower, I passed this piece of land, and it was absolutely covered with what seemed to be the prettiest flowers I had ever seen. It was one enormous bouquet, and the fragrance from it was almost intoxicating."

"I could scarcely believe the evidence of my own eyes, but there it was, what seemed to be an unsightly waste transformed as if by magic into a bower of bloom."

"I made inquiry of the natives and learned that once in a long time the rainbow flower bloomed in a few hours after a rain, though ordinarily the blossoms did not appear for three or four days and then usually came in the night."—New York Commercial Advertiser.

Foote Could Be Caustic.

One of the best repartees on record is that of Foote, the actor. Dining with some friends, a heated dispute arose between himself and a young nobleman. The latter sought to disparage Foote by asking him what his father was.

"A tradesman," said Foote.

"Then, sir, it is a pity he did not make you one."

"And pray, let me ask, what was your father, my lord?"

"My father, Mr. Foote, was a gentleman."

"Then, my lord, it's a pity he did not make you one."—Collier's Weekly.

ALL DELEGATES EQUAL

M. E. Conference Increase Lay Representation.

RESULT OF 100 YEARS' FIGHT.

Book of Discipline In Reference to Representation at Conferences Changed to Read Accordingly—Dr. David Monroe, of Pennsylvania, Elected Secretary.

CHICAGO, May 3.—By a unanimous vote the delegates to the Methodist conference decided to give equal lay representation in all Methodist conferences. The announcement of the vote was greeted with cheers, as it was a victory which had been fought for for a hundred years.

A fight was expected over the matter but it did not materialize. The matter was introduced by the Rev. J. M. Buckley, of the Central New York conference. He moved the adoption of the rules of the last general conference, with the exception of 1 and 18. This was carried almost unanimously and Dr. Buckley asked the vote on the Rock River proposition.

The proposition made at the Rock River conference was for equal lay representation in all Methodist conferences, annual and general. The proposition was read and the unanimous approval followed. The book of discipline in reference to representation at conferences was changed to read accordingly.

The decision to give equal representation to the laymen was followed soon after by a decision to admit the provisional delegates.

Dr. David S. Monroe, of the Central Pennsylvania conference, was elected secretary of the conference by acclamation. The cause of the provisionals was relieved of an embarrassment by the withdrawal of all claims of rights to a seat by Mrs. M. Y. McMahan, of Griggsville, Ill. In her communication she said she believed that by withdrawing she would aid the provisionals in securing seats.

Following the opening of the conference by Bishop Bowman, Bishop H. W. Warren announced the first hymn, which was sung with enthusiasm by the great audience. The Apostles' Creed, led by Bishop J. M. Thoburn, of India, was recited by the audience, and then Bishop C. D. Foss delivered a prayer. This was followed by the reading of Psalm 46, by the Rev. H. H. Lowry, D. D., of the North China conference. The Gloria was then chanted, the second scripture lesson from the first chapter of Acts, first to fourteenth paragraphs, read by the Rev. Austin Griffin, of the Wyoming conference, and another hymn was announced by the Rev. Harry Swan, of the West Texas conference. A prayer by the Rev. H. A. Gobin, of the Northwest Indiana conference, followed, and was succeeded by another hymn, announced by the Rev. Jacob Yunkers, of the North Germany conference.

As the last note of the hymn died away Bishop S. M. Merrill took the chair. A determined effort will be made to raise the ban on dancing, card playing and theater going, and arguments advanced for the consecration of bishops of limited jurisdiction and the dropping of the time limit on pastorate. It is also expected that at least some steps will be taken looking to the reuniting of the south branch of the church with the main body.

A strong effort will be made to elect a colored bishop to have jurisdiction of the churches of his race in the south.

Among the leading candidates for bishop are the following: Frank M. Bristol, of Washington; Charles Little, of Evansville; P. H. Swift, of Cincinnati; J. W. Hamilton, of Boston; J. M. King, of New York; Henry Spelman, of Newark; T. J. Neely, of Philadelphia; T. J. Palmer, of New York; W. V. Kelley, of New York.

While the former provisional delegates were hunting for seats, Dr. King presented a plan for organizing the standing committees on a basis of one layman and one minister from each conference, thus doubling the size of each committee, but giving equal representation. Dr. Jacob B. Graw, of New Jersey, opposed the motion, while Governor Leslie M. Shaw, of Iowa, supported it, and after some debate it was carried.

Dr. T. H. Hagerty, of St. Louis, presented the conference with a gavel made of wood taken from three widely-separated Methodist churches—the Johns street church, New York; the First Methodist, of Omaha; the Kendic church, Cape Girardeau, Mo., the first Methodist church built west of the Mississippi, and the Union M. E. church,

of St. Louis, the first Methodist church built on strictly union principles after the breaking out of the civil war.

A STRIKE SETTLED.

Superintendent Waitt and the New York Central Railroad Employees Have Settled Their Troubles.

BUFFALO, May 3.—An amicable adjustment of existing differences between the members of the Car Repairers' association, employees of the New York Central railway, and Superintendent Waitt, of the motive power department who represented the company, was concluded after a conference here.

The agreement reached was ratified at a joint meeting of the strikers so far as it relates to their own grievance. The reservation made by the Central men was that they would not return to work until the car repairers on the other lines who struck either in sympathy or on independent grievances shall have arranged with their employers to resume their former positions.

HARRASSED BY BOERS.

Burgers Still Active—Roberts' Plans Line of Posts—Preparing to Remove Mafeking.

LONDON, May 3.—The immediate objective of Lord Roberts is to establish a line of British posts from one frontier of the Free State to the other at right angles with the railway line, thus preventing Boer raids southward.

It is essential therefore that the Boers should be expelled from the rugged Thaba N'Chu district and be forced to return to Ladybrand.

As the result of the desultory firing Monday and Tuesday the Boers were pushed back a few miles, but nothing decisive appears to have been yet attained.

The Boers continue to follow their harrassing tactics.

Preparations for an advance continue at Kimberley. Sir Alfred Milner has written to the mayor of Kimberley, assuring him that the relief of Mafeking has not ceased to occupy his attention and that of the military authorities, and that nothing will be left undone to raise the siege at the earliest possible moment.

A correspondent at Lourenzo Marques cabled Tuesday that a large part of the investing force at Mafeking had been withdrawn.

General Buller continues quiet. The Boers assert that they are delaying an attack on him in the hope that all the horses of the British will die of horse sickness.

According to a correspondent of The Daily Telegraph with Lord Roberts, President Kruger is again asking peace terms.

TO AWAKEN OUR SYMPATHY.

Boer Commissioners' Reason For Coming to the United States.

THE HAGUE, May 3.—After farewell visits to Ministers Pierson and De Beaufort, the Boer delegates started for Rotterdam on their way to the United States. A great crowd at the station bid them farewell. Floral tributes reached the delegates from all parts of the country. A committee of the South African union presented the delegates with a silver palm as an emblem of peace. Hymns were sung by the school children gathered at the station.

Regarding their visit to the United States, the envoys said they knew nothing of their probable official reception, they said beyond the press reports, but hoped to awaken popular sympathy in America and aid in bringing about the close of the war. They would not say on what terms peace proposals would be received by the Boers.

And He Knew.

"Algernon is very interesting," said the stockbroker's daughter.

"What does he talk about?" inquired her father.

"Why, he's ever so well posted in Shakespearean quotations."

"Young woman," said the financier sternly, "don't you let him deceive you. Don't you let him make sport of your ignorance. There ain't no such stock on the market."—London Standard.

Chicago Grain and Provisions.

CHICAGO, May 3.—The wheat market was dull but firm, helped by higher Liverpool cables and a bullish feeling among traders, closing $1\frac{1}{2}$ at $1\frac{1}{4}$ to $1\frac{1}{2}$ at $1\frac{1}{4}$ improved. Corn closed unchanged and oats $1\frac{1}{2}$ to $1\frac{1}{4}$ improved. Provisions suffered a sharp break, closing $17\frac{1}{2}$ to $42\frac{1}{2}$ lower.

Ordered Change of Venue.

FRANKFORT, Ky., May 3.—Judge Cantrill ordered a change of venue to Scott county for trial of Powers, Davis, Youtsey and others charged with complicity in the Goebel murder.

IS AGUINALDO DEAD?

Believed Rebel Leader Was Killed by Savages.

HIS WIFE NEARLY PROSTRATED.

The Sultan of Sulu Gone to Singapore—Reported He Will Protest Against Americans Establishing a Tariff Against Imports—The Fighting at Catubig.

MANILA, May 3.—General Funston has discovered a rebel warehouse near Cabanutuan, province of New Egija, containing all the archives of the Malolos government. Aguinaldo's correspondence up to the time of his flight and much valuable historical matter.

The belief is growing that Aguinaldo was killed by the Igorotes. There is no proof that he has been alive since Major Peyton C. Murch, of the Thirtieth regiment, abandoned the chase after the Filipino leader in the Lenquet mountains, although an insurgent officer who recently surrendered to General Young says that the insurgent general Tinio holds this belief. Tinio had regular communication with Aguinaldo until December 28, since when he has heard nothing from him and Tinio thinks Aguinaldo would find means to communicate with him if alive.

Major March's information was that there were only half a dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers. Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted.

She is in a delicate condition and nearly prostrated with worry. Therefore she has not been informed of the death of her child and thinks it is with friends at Bacoor.

The sultan of Sulu, with a retinue, including several of his wives, has sailed for Singapore, ostensibly on a religious mission. A Hongkong dispatch to a Manila paper says the sultan has gone to Singapore in order to protest to the British against the Americans establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain and Germany, the latter guaranteeing the Sulu islands free trade, whereas the Americans have established a tariff nearly doubling the prices of tobacco, rice and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate and the owner, Senor Escano, and his son with knives after a desperate struggle. The mutineers then scuttled the ship and escaped to the Leyte mountains with \$28,000.

Further details of the fighting at Catubig show that the American loss was 20 killed. The Americans were quartered in the Catubig church, which the enemy, numbering several hundred men, surrounded and fiercely attacked. The Americans fought for two days and then the rebels managed to ignite the roof of the church and it burned away and finally fell down upon those inside. The walls remained intact, however, and were used as a shelter by the besieged Americans for three days longer, the enemy attacking the building on all sides at once.

The Americans continued firing from the windows and doors of the church and did great execution among the Filipinos. It is estimated that over 200 of the latter were killed, many dead bodies being removed from the scene of the fighting.

After five days' resistance by the Americans a lieutenant and eight men arrived from Laoan and engaged the besiegers, who thereupon retired.

The ten survivors were without food; had little ammunition and were physically exhausted when relieved.

CHRIST TO KING AGRIPPA

Murray Not Sure Recently Discovered Letters Are Authentic, but Are Somewhat Corroborative.

LONDON, May 3.—Prof. George R. M. Murray, keeper of the department of botany in the British museum, when questioned regarding the reported rediscovery, after being lost for more than 900 years, of letters alleged to have passed between Christ and King Agrippa and to have been carved in stone over the gateway of the palace of the kings of Ephesus, said in part:

"There is no doubt that the inscription found at Ephesus is a genuine production of the fifth century. Beyond that nothing definite can be said, except that it is in the nature of a corroboration of the Syrian writings of the second century, discovered a few years ago.

relating to alleged messages between Christ and Agrippa.

"Certain Syrian documents, dated in the year 200 A. D., and giving almost the same letters, have long been suspected of being literary forgeries. The discovery of the stone tends to relieve this suspicion and makes it tolerably certain that, as early as the second century, news of Christ's miracles had spread to heathen countries and that the early Christians believed that Agrippa asked Christ to come to heal him and that Christ replied.

"The alleged answer is almost a paraphrase of much that is found in the New Testament. Whether it was actually sent or was the result of a continuing tradition, transferred from papyrus to stone, is a question opening too wide a field for mere archaeologists. Many points in Prof. Heberdy's discovery, however, are most important."

TOTAL DEATH LIST

MAY REACH 300.

Many Bodies Already Recovered From the Damaged Coal Mines at Scofield, Utah.

SCOFIELD, Utah, May 3.—The estimate of the number killed in the terrible mine explosion here is 250, but the total death list may yet reach 300. Relief work is still in progress, being conducted by shifts of men. The shift now in the mine has 50 bodies ready to bring out, and the number of corpses yet to be reached is still uncertain. One hundred and forty-nine bodies have been recovered.

Arriving trains are constantly bringing relatives of the victims from outside points, and the coal company has designated a committee to carry the dead to Salt Lake, Ogden and other cities.

On account of gas No. 4 mine has been abandoned as a means of rescue and bodies are arriving at the mouth of No. 1 mine by the carload.

Ferrish level has been cleared of dead and all are burned and unrecognizable.

DEWEYS LEAVE CHICAGO.

The Admiral and Wife Left For St. Louis—Will Stop at Jacksonville, Ill.

CHICAGO, May 3.—The visit of Admiral and Mrs. Dewey to Chicago ended today, when they the special Baltimore and Ohio train on which they came from Washington and left over the Chicago and Alton for St. Louis, stopping at Jacksonville and other towns along the way.

"There's nothing on the Suez like it," was Admiral Dewey's verdict last night on the Chicago drainage and ship canal, which he inspected Wednesday.

He was given enthusiastic greetings by the people along the route.

Battery B, of Chicago, was stationed at Lockport to fire a salute. A vent which had not been closed airtight caused one of the pieces to discharge, blowing off part of the right hand and several fingers of the left hand of Sergeant William Popp, who was holding the ramrod. The right hand had to be amputated later. Admiral Dewey was much distressed by the accident, and sent his flag lieutenant to inquire after the comfort of the injured man.

Although Admiral Dewey has not discussed politics or international relations on this trip, a personal estimate that he gave of the Germans, or, rather, of the German individually, is interesting, in view of the relations between the admiral and the German admiral who was in Manila bay after the battle two years ago. Without in any way referring to any incidents in Manila bay, Admiral Dewey said emphatically: "I like the German; he's a good fellow."

Mrs. Dewey was entertained with a luncheon at 1 p. m., given by Mrs. Bryan Lathrop, and at 3 p. m. with a drive to the Saddle and Cycle club, Arthur J. Caton being the host on the latter occasion.

Admiral and Mrs. Dewey and their party were entertained at 6 p. m. with a reception given by the Chicago Athletic association, and at 10 p. m. Admiral Dewey attended an entertainment of the Seventh regiment, Illinois national guard, at Central Music hall.

Majority Swept Canal Bill Through House.

PASSED BY A VOTE OF 225 TO 35.

Motion to Recommit and Report Back Another Measure Buried Under Adverse Majority of 52 to 171—Fortification Feature Left Out—Rows Occurred.

WASHINGTON, May 3.—The house, at the conclusion of the most stormy debate of the present session of congress, passed the Nicaragua canal bill by the overwhelming vote of 225 to 35. Attempts to retain in the bill the language of the original bill for the fortification of the canal and to still further strengthen the language on that line were balked, and the victory of Mr. Hepburn and the committee was complete. A motion to recommit the bill with instructions to report back another bill leaving the selection of the route to the president was buried under an adverse majority of 52 to 171.

Mr. Cannon, chairman of the appropriation committee, and Mr. Burton, of Ohio, chairman of the rivers and harbors committee, made a game fight to stall off action at this session, but their appeals were in vain, and the members rode rough-shod over all their arguments and protests.

Much excitement reigned throughout the day and several times bitter words were used. The excitement reached its climax in a highly dramatic scene between Mr. Hepburn and Mr. Cannon, when the former used the word "lie" and "harr" as he denounced the distinguished chairman of the appropriations committee for attempting "to dishonor him." The house was in riotous confusion during the quarrel. Members crowded the aisles and the situation at one time was so threatening that Mr. Wheeler, of Kentucky, Democrat, sought to pour oil on the waters by raising a point of order. But he was not upheld and the two irate members carried their war to the very hilt. There was a show of peace at the close of the incident, but the feeling between the two men ran so high that the mutual retractions with which such incidents generally end were but the cloaks for the keenest and most cutting sarcasm.

Another scene occurred between Mr. Gaines and Mr. Mann. The former took exceptions to some remarks of the latter, saying they were "devoid of common decency, courtesy and gentility."

The bill as it passed the house was in part as follows.

Be it enacted, etc., that the President of the United States be and is hereby authorized to acquire from the states of Costa Rica and Nicaragua for and in behalf of the United States control of such portion of territory now belonging to Costa Rica and Nicaragua as may be desirable and necessary on which to excavate, construct and protect a canal of such depth and capacity as would be sufficient for the movements of ships of the greatest tonnage and draft now in use, from a point near Greytown on the Caribbean sea, via Lake Nicaragua, to Breto, on the Pacific ocean; and such sum as may be necessary to secure such control is hereby appropriated out of any money in the treasury not otherwise appropriated.

Section 2.—That when the President has secured full control over the territory in section 1 referred to he shall direct the secretary of war to excavate and construct a canal and water way * * * * and the secretary of war shall also construct such safe and commodious harbors at the termini of said canal and such provisions for defense as may be necessary for the safety and protection of said canal and harbors.

Section 6.—That the sum of \$10,000,000 is hereby appropriated, out of any money in the treasury, not otherwise appropriated, toward the object herein contemplated, and the secretary of war is further hereby authorized to enter into a contract or contracts for materials and work that may be deemed necessary for the proper excavation, construction, completion and defense of said canal, to be paid for as appropriations may from time to time be hereafter made, not to exceed in the aggregate \$10,000,000.

WROTE ABUSIVE NOTE TO THE PRESIDENT.

Pettigrew Had Read In Senate One of His Measures—Turner Charged At Use of Volunteers.

WASHINGTON, May 3.—In offering an amendment to the army appropriation bill, in the senate, providing that the volunteer soldiers in the Philippines who had remained there and performed willing service long after they were entitled to discharge should receive travel pay and commutation of subsistence less the actual cost of their transportation to the United States, Mr. Turner (Wash.) made an extended statement.

The amendment he said applied to

about 10,000 officers and men scattered all over the country. He declared that the volunteers brought back to the United States from the Philippines had been "packed like swine in dark, filthy, rotten and antiquated vessels."

Mr. Turner said the secretary of war had estimated his amendment would cost about \$7,000,000 but he was satisfied the secretary had been imposed upon. He had carefully estimated the cost and did not think it would require more than \$1,500,000.

Mr. Hawley (Conn.) made the point of order against the amendment that it was a change of existing law and the point was sustained.

In a sharp speech Mr. Rawlins (Utah) declared that there was a distinction between the treatment of the Astor battery and the Utah battery.

Mr. Pettigrew bitterly denounced the government for keeping the volunteers in service after their time had expired.

Mr. Pettigrew then read many letters from officers and men of the South Dakota regiment in support of the statements he had made.

Commenting upon one of the letters, Mr. Pettigrew said that hundreds of soldiers who had served in the Philippines were now inmates of St. Elizabeth's insane asylum at Washington. At least 200, he declared, had committed suicide.

Mr. Pettigrew also had a letter read which he wrote to the president in which he used most violent and abusive language against the chief executive.

A DAY IN WALL STREET.

Over \$2,000,000 In Gold Engaged for Shipment by a French Steamer Today.

NEW YORK, May 3.—There were no transactions of any importance in the stock market to-day. Sugar opened at last night's price and moved up at one time 4½ points, closing with a net gain of about 4. The constant fluctuations of this stock offered the room traders about their only opportunity for securing a turn during the greater part of the day, and they traded in it constantly in and out, helping on the aggregate of sales recorded in the stock without making any impression on the stock transfer books of the company. News of the stock consisted of rumors without verification. There is undoubtedly a feeling of dread among speculators that there may be a sudden and sensational development regarding the steel industrials and those stocks are sensitive to every passing rumor.

The announcement of further gold engagements for today's French steamer of \$2,100,000 was the signal for a general selling movement by this class of speculators. It had been taken for granted that large exports of gold would be made by Saturday's steamer, but the additional shipment by today's steamer, bringing the total to \$2,600,000, was a surprise.

The bond market was dull and irregular. Total sales, par value, \$1,438,000. United States refunding 28s when issued advanced 1/8 and the 3s, old 4s and new 4s 1/4 in the bid price.

Read Sibley Out of the Party.

WARREN, May 3.—Democrats of the Twenty-seventh congressional district have dumped Hon. Jos. C. Sibley. His alleged indecent actions during the last session of congress and his alleged support of M. S. Quay during the latter's attempts to succeed himself as United States senator are given as the causes. If Emery is nominated by the independent Republicans the Democrats may endorse him.

Fight Against Sunday Ball.

WHEELING, May 3.—The Ministerial association, of Wheeling and vicinity, has taken up the fight against Sunday baseball. Resolutions adopted at a meeting of the association have been printed in red ink and distributed in circular form throughout the city. The clergymen call upon citizens to boycott weekday games so long as the league persists in playing Sunday ball.

Woman Was Not Murdered.

CAMBRIDGE SPRINGS, Pa., May 3.—Examination showed that the woman whose body was found in a box here had died of pneumonia. It is believed the remains came from Connant. There is no clue to the identity or solution of the mystery.

Maintained Criticisms Were Unjust.

WASHINGTON, May 3.—Mr. Gallinger (N. H.), chairman of the pensions committee, presented a memorial in the senate from the Union Veteran union complaining against the government's pension policy, and he made the memorial the text for a speech in which he maintained the criticisms were unjust.

Strive for a Pure Food Show.

WASHINGTON, May 3.—Mr. Mason (Ill.) addressed the senate in support of his proposition to enact legislation to prevent the adulteration of food.

SWALLOW FOR PRESIDENT.

Nominated by United Christian Party. Platform favors Christ's Principles in Government.

ROCK ISLAND, Ill., May 3.—The United Christian party national convention closed with the nomination of Rev. S. C. Swallow, of Harrisburg, Pa., for president and John G. Woolley, of Chicago, for vice president.

The entire session was devoted to the preparation of a platform, which, as finally adopted, declares that the time has arrived when the eternal principles of justice, mercy and love, as exemplified in the life and teachings of Jesus Christ, should be embodied in the constitution of the nation, and applied in concrete form to every function of government.

WILD ENTHUSIASM FOR THE NEBRASKAN.

Michigan Democrats Cheered Every Mention of His Name—Bryan at a Banquet in Detroit.

DETROIT, May 3.—The old Larned street Auditorium, the scene of many a notable political feast, sheltered a banquet which far eclipsed, in point of numbers present, any similar event hitherto held in Michigan, and none certainly ever surpassed the occasion in respect to party enthusiasm. It was the "dollar dinner" of the Mohawk club.

The bright particular star was Democracy's distinguished leader, William Jennings Bryan. His name, as often as it fell from the lips of the other speakers, all of whom preceded him, brought tremendous salvos of applause.

G. W. Gleason, president of the Mohawk club, presided; Hon. Thomas E. Barkworth, of Jackson, was the toastmaster, and Detroit's Democratic mayor, Hon. William C. Maybury, welcomed the Mohawk's guests.

"The Minority" was the toast assigned the first speaker, Hon. James Hamilton Lewis, of Washington.

Congressman William Sulzer, of New York, responded to "Imperative Issues."

"Democracy" was the topic on which Colonel Bryan spoke, and the greeting he received seemed almost boundless in enthusiasm.

Other speakers were Hon. George P. Hummer, of Holland, and State Senator Helme, of Adrian.

REPRIMANDED CAPT. CHADWICK.

His Criticism of Admiral Schley Rebuked by Secretary Long.

WASHINGTON, May 3.—Secretary Long made public the correspondence which has taken place between the navy department and Captain Chadwick respecting the published interview in which the captain is reported as severely reflecting upon Rear Admiral Schley. The secretary's letter was forwarded only after the secretary had had a conference on the subject with the president. The department's action in the case is a severe reprimand, and it is noteworthy that its letter has been made public; a fact which in itself adds to the weight of the punishment administered.

Captain Chadwick's defense was that the criticism was made in a private conversation and was not intended for publication, nor to be considered as an interview.

To Establish Battlefields Park.

WASHINGTON, May 3.—Mr. Sewell (N. J.) secured the passage of a bill in the senate to establish the Fredericksburg and adjacent national battlefields memorial park in Virginia. One bill includes the battlefields of Fredericksburg, Chancellorsville, the Wilderness and Spottsylvania.

A Real El Dorado.

Real diamonds have been found along the Maserana river in British Guiana, and that colony, according to the Indianapolis News, is anticipating a great boom as soon as the facts are known. The gems are of the Demerara variety and are regarded as valuable. It was near the scene of the present find that Sir Walter Raleigh unsuccessfully tried to find the El Dorado more than 400 years ago.

The particulars related by this representative citizen of East Liverpool are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefits received from the use of tic in East Liverpool must be convinced. Read this:

Mr. G. H. Garner, the well known manufacturer of ice cream, at 168 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body, my appetite was poor and I was annoyed a good deal with a bloating at my stomach. There was also a urinary difficulty, and I felt, in fact, generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of, I made up my mind to try them and I purchased a box at the W. & W. pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite good and my old time vigor restored. I recommended them to many of my friends, among them P. J. Green, V. S., and they all speak of them in the highest terms."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

League Rules.

The rules for the season were not presented, but will be ready by the next meeting, which will be held Monday evening. Each team will be compelled to abide by the list of players they have handed to the secre-

tary, so there will be no danger of any "ringers" getting in the game. Among the above list will be noticed the names of some of the best ball players in the city and the games should be interesting. Everything possible will be done to make the league a success and it starts under the most favorable circumstances. The employes of the various potteries are much interested in their respective teams and a good crowd is assured at every game. According to the schedule the season will last until October 13.

ELECTED OFFICERS.

SOUTHSIDE STREET RAILWAY COMPANY

Holds Its First Meeting Under the New Ownership and Projects Improvements.

A meeting of the stockholders of the Chester & East Liverpool Street Railway company was held in the offices of the company in Chester this week. It was an important one, as it was the first meeting of the company since C. A. Smith secured control of the line.

The following officers were elected: President, Charles A. Smith; vice president, E. D. Marshall; secretary, James E. McDonald; treasurer, W. L. Smith.

The future policy of the company was discussed at length and it is understood many improvements will be made on the road this spring. It is said that two more cars were ordered and are expected to arrive shortly. A contract was made with Manager L. W. Healy, of the East Liverpool & Wellsville Street Railway company, in which the Chester company is to pay 10 cents per mile for every car operated. In the past the cars were chartered.

EVANGELISTIC.

The Price, the Power and the Peril of a Holiness Life.

This was the theme of Evangelist MacGregor last night at Y. M. C. A. hall. The meeting was one of intense interest, and good was undoubtedly effected. The speaker's representation of the life of the Apostle Peter, before and after his endowment with the power of the Holy Ghost, or holiness, was simply superb and had a telling effect on his audience. MacGregor's earnestness carries his auditors in full sympathy with him. He is magnetic in a marked degree and possesses strong power for good or for evil.

You should not fail to hear his wonderful lecture on temperance to be delivered at 3:30 on Sabbath afternoon next in the First M. E. church. Meetings every night this week at the Y. M. C. A. hall, to which you are earnestly invited.

MORE CARS.

Patrons Think the Street Railway Company Should Send Out Trailers in the Morning.

Patrons of the early morning street cars think the company should give them a better morning service by putting on more cars early in the morning. They think the company would do well by sending out trailers on all the morning cars, so that the cars would not be so crowded. When the West End is reached it is almost impossible to get on any of the early cars for the reason that all the seats are taken and the aisle and platforms are filled with people.

THE MAYOR HAD HEARD OF HER

Minnie Carroll's First Appearance Before Mayor Davidson Cost Her \$1 and Costs.

AND TWO COMMON DRUNKS

Paid Similar Fines on Complaint of Officers Mahony and Wood.

HERD OF COWS AT LARGE.

Three common ordinary drunks found their way to the police station yesterday afternoon by the aid of three officers.

George William Swancey was the first victim. He came under the notice of Officer Mahoney, who decided that he was drunk. After getting real close to George William, the officer was sure that he was full of bad whisky and he was taken to the police station. Mayor Davidson fined him \$1 and costs.

William Hogarty was the next victim. He was in much the same condition as Swancey when Officer Wood arrested him. He got a ride in the patrol wagon and was assessed \$1 and costs this morning when he faced Mayor Davidson.

Last but not least came the irrepressible Minnie Carroll. She fell to the lot of Officer Aufderheide, who found her in a drunken condition. This is Minnie's first visit to see Mayor Davidson, but she was a frequent caller when Bough was mayor and has spent a great deal of money in paying fines and the last time came near going to the works. She seems to have a very large appetite for strong drink and every time she goes on a spree she winds up at the police station. She was very anxious that the mayor should not know that she had ever been at the police court before, but the mayor had heard of Minnie before she arrived this time. She was fined \$1 and costs and is still in jail waiting for some one to cash up for her.

Complaint was registered at police court this morning that a herd of cows were running loose in the vicinity of Riley McKinnon's, Calcutta road. The matter will be attended to and the owner of the cows notified to keep them off the road.

A FORMER RESIDENT.

Mrs. Allen Makes a Visit to the City After an Absence of 40 Years.

Mrs. Allen, of Williamsport, Pa., is in the city the guest of Mrs. A. M. Davidson, of Broadway. Mrs. Allen was formerly Miss Emma Rose, of this city, and is well known to many of the older residents. This is her first visit to the city in 40 years, and it is natural for her to see many changes in the city. It is very interesting to hear her tell of the city in its early stages.

Mail Clerks Kick.

The mail clerks on the Cleveland & Pittsburgh road have made objections to the postal department about lifting the mail from the new box at the passenger station, and it is probable their objections will be sustained. The

clerks claim that it is almost impossible to work the mail, as there is only one box and letters for both east and west and this city itself are dropped in. To leave the car, assort the mail, cancel the stamps and make a pouch ready for the next station is more than one clerk can do, as there is only one clerk in the car.

ASSIGNMENT.

OF CASES FOR TRIAL AT SECOND WEEK

Of April Term of Court Which Begins Next Monday Morning.

Lisbon, May 3.—(Special)—The assignment of cases for the second week of April term, Judge W. W. Hole, presiding, is as follows:

Monday, May 7.—In re estate of Ruan Golladay; Ralph A. Beard, receiver vs. Sarah A. Sharp et al.

Tuesday—J. J. Seldner vs. George L. Seldner et al.; criminal causes.

Wednesday—Criminal causes.

Thursday—I. O. B. Reynolds vs. W. L. Smith, administrator.

Friday—Charles E. Zimmerman vs. Hamilton Howell; E. D. Peters and Sons vs. A. H. Copeland.

INSPECTOR HERE.

Harry A. Sotzen, of the Mansfield Reformatory, Was in the City Today.

Harry A. Sotzen, inspector of paroles of the Mansfield reformatory, is in the city today. The reformatory has four paroled prisoners in this county, two in this city, one in Wellsville and one in Leetonia. The duty of Mr. Sotzen is to visit the cities in which the paroled prisoners are located and see how they are behaving themselves. He is a most affable gentleman and well suited for the duties which he performs. He had little to say to the newspaper men of his mission here and declined to talk on the subject.

WELL FED.

The Prisoners Who Get in the City Jail Are Given Plenty to Eat by Chief Thompson.

A small party of people were sitting in the mayor's office this morning discussing the bill of fare given the prisoners, and one of the party remarked that a discharged prisoner had stated that he didn't mind being in jail, as he had got one square meal for once in his life. The prisoners certainly fare well under the care of Chief Thompson and he gives them plenty to eat, their fare usually consisting of bread, eggs and potatoes. Mayor Davidson remarked that he thought they would have a change next week and give the prisoners flim flams and ice cream.

SPLIT THE DIFFERENCE.

Jury Gave Baker Credit for \$100 on Claim of Having Paid \$200.

Lisbon, May 3.—(Special)—The jury in the case of W. H. Baker, of Columbiana, vs. Samuel Nuzum, of Signal, brought in a verdict last evening. Baker sued to have credit given him for a \$200 payment on an \$800 note. The jury gave him judgment for \$100.

Confirmed the Sale.

Lisbon, May 3.—(Special)—The court confirmed the sale of personal property in the J. M. Vaughn East Liverpool assignment.

ANOTHER JUSTICE OF THE PEACE

Residents Petition Probate Judge Boone For Another Law Dispensary.

IS WANTED IN EAST END

Where Litigants Objects to Adding Car Fare to the Costs In Their Cases.

WILL PROBABLY BE GRANTED.

An application has been made for another justice of the peace for this city by prominent residents, particularly of the East End.

The application was made to Probate Judge Boone and will be heard in probate court Friday, May 18, praying the court to authorize an additional justice in Liverpool township. By a recent amendment to the Ohio statutes it is not incumbent on the township trustees to give notice of an election, but they have the power to appoint when the court so orders.

While the new justice will be for the township and city in general, it is naturally understood by the citizens of the city and the residents of the township that the new officer is for the express purpose of giving the East End of this city a justice. It is perhaps not necessary for the township as a whole to have an additional justice, but the citizens of East End believe they are certainly entitled to an office of the kind in their part of the city.

If at some future time an election would take the justice away from the East End, under the same law a vacancy could be declared upon an application of the citizens to the probate court and such an application would not necessitate the election of an additional constable.

It is not known whether the petition will be granted, but it is not thought there will be any opposition to the plan. East End now has a population of over 2,000, and the residents think they are certainly entitled to have a court in their part of the city without being compelled to come to the city proper every time they want to enter a lawsuit or defend an action.

Andrews-Wilson Marriage.

The marriage of Miss Blanche Andrews to Daniel Wilson took place last evening at the home of the bride's parents, No. 349 Calcutta road, Dr. Clark Crawford officiating. Mr. and Mrs. Wilson for the present will make their home with Mr. and Mrs. Andrews.

Statement Filed.

Lisbon, May 3.—(Special)—James Owens, trustee under the will of William Irwin, filed a statement in court showing that \$528.55 would be required from the proceeds arising from the sale of real estate. A certificate was ordered filed in common pleas court.

The Lineup.

The Laughlin No. 1 team in their game with the Laughlin No. 2 team will line up as follows: Finch, c.; Ashbaugh, p.; Bennett, ss.; Davis, 1b.; Headley, 2b.; Seely, 3b.; Tyson, left; Cooley, middle; Roberts, right; Potts and Bolten, subs.

HOW IT HAPPENED.

TRENTON ACCOUNT OF THE MERCER STRIKE.

Eleven Jiggersmen Quit Work After a Talk With the Proprietor of the Plant.

The Trenton Times' account of the strike at the Mercer pottery there, is as follows:

Eleven jiggersmen in the employ of the Mercer Pottery company, laid down their tools this morning and went out of the plant, refusing to work any more until a new wage scale was adopted.

The jiggersmen held a meeting in their department early this morning, Alfred Croot acting as chairman. While the meeting was still in session James Moses, sole owner of the Mercer plant, came through the department and was stopped by the men and asked what he was going to do about it. He replied that he thought the matter was in the hands of a joint committee, representing the employees and the manufacturers, and therefore, he had nothing to say to them, as the whole thing was with the committee.

The jiggersmen replied that they wanted the matter settled now, and if it was not they would not do anything until it was. This settled the question at this time and a few minutes later the men went out.

Charles Howell Cook, of the Trenton Potteries company, stated to a Times reporter that everything was working smoothly in all the plants under the control of his company, and that in his opinion no action would be taken by the men before the first full payment of the month was made next month.

Other manufacturers in the city made statements similar to that of Mr. Cook, and in almost every instance the opinion was expressed that the wage question would amicably be settled.

APRIL MARRIAGES.

Fifty-Four Licenses Granted at Lisbon During Last Month.

Lisbon, May 3.—(Special)—Fifty-four applications for marriage licenses were registered at the probate court during the month just closed.

Took Under Appraisement.

Lisbon, May 3.—(Special)—The case of William W. Irwin against Frederick Dewitt Irwin was heard on the report of the commissioners recently appointed in the case. Two tracts of Wayne township land, which is sought to be partitioned, was to be appraised and one containing 60 acres was valued at \$3,500, and one containing 6.09 acres at \$1,000. William W. Irwin, the plaintiff in the case, elected to take the land at its appraised value.

Taylor's Lost Time.

Ohio State Journal.

It is good to see Congressman R. W. Taylor at work again after a long, exasperating campaign for renomination. It was the more exasperating because until the last week of the canvass Taylor had everything his own way. Then Taylor was forced to give up two months of valuable service for the government in order to circumvent his opponents.

Sewer Pipe Trust Absorbs Another.

The American Clay Manufacturing company has secured control of the plant of the Bennett Sewer Pipe company, of Jackson, Mich. This makes 30 plants now operated by the combine. The latest acquisition is one of the largest in Michigan.

Handsome Home.

The plans for O. H. Sebring's house at Sebring, have been completed. It is rumored that the building will be the finest yet erected at Sebring. It will cost \$12,000, and all the hardware used inside is to be of bronze.

SUBURBAN NEWS.

EAST END.

SOUTH SIDE.

Mrs. Chambers, of High street, met with an accident Tuesday evening that will lay her in bed for several weeks. Mrs. Chambers is a sufferer from rheumatism, and while preparing supper Tuesday evening tripped and fell, her left side striking the stove. It was partially broken and she is now unable to move except with assistance. She is confined to her room and is under the care of a physician.

James Parker, a clay digger at the sewer pipe works, has moved his family from Pennsylvania avenue to a house in Helena.

George McKinnon, of Railroad street, who has been very ill with grip, is able to be out.

There is a shortage of jiggersmen at the East End pottery and several positions in this department are now vacant. For several days these firms have attempted to secure workmen, but without success.

Mr. and Mrs. Daniel Derringer, of Helena, desire to thank those friends who so kindly assisted them during their late bereavement, the death of their child.

Harry Manley, a mould runner at the Globe pottery, is confined to his home on Pennsylvania avenue with grip.

Several men are now employed cleaning Columbian park. Several improvements will be made about the grounds.

The many friends of Boyd Eaton will be pained to learn that he is lying very ill at his home in Dixonville and that his recovery is considered doubtful. His condition yesterday was very low.

A game of ball will be played on the lot in the rear of the Laughlin Pottery plant No. 2 Saturday afternoon, between the second clubs of No. 1 and No. 2. The game gives promise of being very interesting.

John Searight is suffering at his home on St. George street with an attack of grip.

Councilman John L. Arnold is making some improvements on his property on First avenue.

The funeral services over the remains of A. L. Harker were held this afternoon in the Second U. P. church. Rev. J. Ross Greene officiated. The services were largely attended. Interment was made in Riverview cemetery.

At the meeting of Senior Mechanics tonight the final report of the committee appointed to secure sites for a new lodge building will be presented. Several new applications will be acted upon.

Arrangements have been made for the transfer of a lot on Erie street, in the Harker tract, to the official board of the Second M. E. church. The transfer will be made June 1, and the this lot the church will erect a parsonage.

The Epworth League society of the Second M. E. church, at its meeting this evening, will elect new officers. Other important business will be transacted.

HOW IT HAPPENED.

TRENTON ACCOUNT OF THE MERCER STRIKE.

Eleven Jigermen Quit Work After a Talk With the Proprietor of the Plant.

The Trenton Times' account of the strike at the Mercer pottery there, is as follows:

Eleven jigermen in the employ of the Mercer Pottery company, laid down their tools this morning and went out of the plant, refusing to work any more until a new wage scale was adopted.

The jigermen held a meeting in their department early this morning, Alfred Croot acting as chairman. While the meeting was still in session James Moses, sole owner of the Mercer plant, came through the department and was stopped by the men and asked what he was going to do about it. He replied that he thought the matter was in the hands of a joint committee, representing the employees and the manufacturers, and therefore, he had nothing to say to them, as the whole thing was with the committee.

The jigermen replied that they wanted the matter settled now, and if it was not they would not do anything until it was. This settled the question at this time and a few minutes later the men went out.

Charles Howell Cook, of the Trenton Potteries company, stated to a Times reporter that everything was working smoothly in all the plants under the control of his company, and that in his opinion no action would be taken by the men before the first full payment of the month was made next month.

Other manufacturers in the city made statements similar to that of Mr. Cook, and in almost every instance the opinion was expressed that the wage question would amicably be settled.

Took Under Appraisement.

Lisbon, May 3.—(Special)—The case of William W. Irwin against Frederick Dewitt Irwin was heard on the report of the commissioners recently appointed in the case. Two tracts of Wayne township land, which is sought to be partitioned, was to be appraised and one containing 60 acres was valued at \$3,500, and one containing 6.09 acres at \$1,000. William W. Irwin, the plaintiff in the case, elected to take the land at its appraised value.

Taylor's Lost Time.

Ohio State Journal.

It is good to see Congressman R. W. Taylor at work again after a long, exasperating campaign for renomination. It was the more exasperating because until the last week of the canvass Taylor had everything his own way. Then Taylor was forced to give up two months of valuable service for the government in order to circumvent his opponents.

The new residence of Clarence Vennum, Carolina avenue, is almost completed.

The plans for the new M. E. chapel are completed, and bids will be received this week. The building will be 50x60 and will cost about \$2,000. Toll Collector Todd took a day off yesterday, his place being filled by his son, Harry.

Miss Maggie Hagen is the guest of Mrs. Huff, of Chester.

Gus Hutchison, a carpenter working on the pottery, was struck by a falling scaffold Tuesday afternoon and knocked senseless. He was taken to his home near Hookstown. His injuries were not as great as was at first supposed and he returned yesterday ready to work.

John M. Cunningham is visiting his parents in the country.

Mrs. Sarah Hubbard is on the sick list.

Taylor Glass is visiting his brother, A. J. Glass, at New Cumberland.

John Stevens was obliged to quit work at noon yesterday on account of sickness.

The bricklayers are at work on the sewers, their demands having been granted by the contractors.

Mrs. Aaron Moors is on the sick list.

Oscar Allison had quite a scare Tuesday night. About 10 o'clock he saw some one enter through the window. He went after the intruder with a poker, but he made his escape through a door. By the time Oscar found his revolver the man was out of sight. A neighbor next morning acknowledged having done the deed just for fun.

TRADES COUNCIL ELECTS OFFICERS

D. M. McLane Was Chosen President at the Annual Meeting Held Last Evening.

INSTALLATION OF OFFICERS

Conducted by Samuel Eardley, the Retiring President—McLane Returns Thanks.

OLD COUNCIL CLOSES BUSINESS.

The annual meeting of Trades and Labor council was held last evening and was largely attended.

The meeting was called to order by President Eardley, and Criss McConnell, Samuel Thomas and James Daragh were appointed a committee to inspect the credentials of the new delegates. The old council then proceeded to wind up the year's business by hearing the report of the treasurer and trustees and a short adjournment was had while the credential committee finished their report.

They reported finding the credentials of the 61 delegates correct and they were at once obligated. The council then proceeded at once to the election of officers, which resulted as follows:

President—D. M. McLane.

Vice President—Leroy Orr.

Treasurer—John Rrear.

Financial Secretary—Mrs. Sadie Hays.

Recording secretary—C. W. Brownfield.

Inspector—A. Brannan.

Guard—H. Moore.

Trustees—Leroy Orr, Samuel Eardley, John Powell.

The officers were installed by Samuel Eardley, the retiring president, and took their seats at once. Mr. McLane made a speech thanking the council for the honor they had conferred upon him and stated that he would fill the chair in a fair and impartial manner to the best of his ability. He asked the hearty cooperation of all members of the council in making his administration a success. He will appoint his committees at the next meeting.

GONE FOR MEN.

Contractor Cook Left Yesterday to Secure Bricklayers From Out of Town.

Contractor Ed. Cook yesterday afternoon left for Cleveland for the purpose of securing workmen to come to this city. Before he left the city Mr. Cook said: "If I cannot get workmen in Cleveland I will go to other places, and I have got the means to bring them here. There is lots of work to be done here, and it must be finished."

On the same train with Mr. Cook many striking bricklayers left the city. Some went to Cleveland and other northern towns, while others left for points down the river.

A message was received from the bricklayers yesterday from Pittsburgh stating that work could be found for all in Pittsburgh, and for as many as possible to come at once. On the late afternoon and evening trains about 15 men left in response to the message, and at present there are very few "floaters" in town. Some left for Pittsburgh this morning.

Leaving the River.

A number of Ohio river towboat pilots have announced their intention of leaving the river and engaging in other occupations. They say that there is no longer a living in the busi-

ness, as there are more pilots than there are positions. Under the new arrangements made by the Monongahela Consolidated Coal and Coke Co., which owns half the boats registered at Pittsburg, yearly men have been much work, making it hard for trippers to get employment.

WAITING ON HEALY.

PROJECTORS OF LINE FROM VANPORT HERE

Have Secured Right of Way and Expect to Build Line Within Two Years.

The prospects for an electric line to be built from Vanport to this city are very bright, and work on the line is sure to commence this year. Whether the line will make a connection with the line of the East Liverpool and Wellsville street railway is a question which can only be decided by the officials of that company. During the past month Edward Weynd, of Fairview, Beaver county, has secured rights of way for over half the distance of the proposed road, and he will continue in this work until a right of way has been secured as far as the state line.

Yesterday afternoon Harry R. Dawson, of Fairview, was in the city, and said the line would be completed within two years. The company has secured a charter, and are anxious to confer with the officials of the local line about the extending of this line to the state line. When the road is built through traffic will be inaugurated between Wellsville and Rochester.

ROAD SUPERVISORS.

The Township Trustees Have Vacancies to Fill in Two of the Districts.

The township trustees state that the roads in the township are in very good shape and will need but little improvement this year. There is no supervisor in districts No. 1 and No. 6, as the people did not take enough interest in the matter to turn out at the last election and vote. The trustees will fill the vacancies soon.

MAY BE A SURPRISE.

At the Meeting of Council to be Held Next Tuesday Evening Unless Signs Fail.

It is said there will be a surprise sprung at the next meeting of city council by one of the members who is in favor of having council do everything in a legal manner and he will call attention to a matter that has long puzzled many people, who have tried to figure it out.

HAS ASPIRATIONS.

It is Understood That Councilman D. M. McLane Will be a Candidate For Representative.

It is stated on good authority that Councilman D. M. McLane is seriously thinking of being a candidate for representative at the next Republican primary. The city already has two candidates for the position.

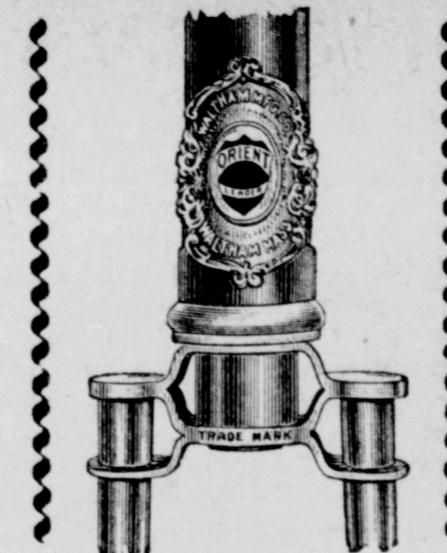

At Liberty Again.

Aguinaldo is now reported dead. Well, he's as good as, anyway.

It is difficult to see what possible effect Pettigrew's sympathy or lack of sympathy could have on the Boer war or anything else.

When Dewey, after viewing the Chicago canal, observed, "There's nothing on the Suez like it," Chicago took it as a compliment. But was it?

POTTERY WORKERS.

Pottery workers are in great demand in East Liverpool. There is no occasion for a skilled potter being idle. The demand exceeds the supply. East Liverpool is one of the most prosperous cities in the United States today.

AGAINST THE CURSE.

Don't fail to hear Evangelist Mc-

Gregor on next Sunday afternoon, at 3:30 at the First M. E. church. He is eloquent, intensely in earnest, heart and soul and life, and he will present to you some startling situations in connection with those accursed, foul and leprous devils, the liquor traffic and the un-American saloon. Take all your friends. You will be well repaid.

DON'T WHINE.

When you must and will dance, pay the fiddler. Don't whine like a whipped cur when punishment overtakes you in the midst of your transgression and sin. Don't complain that you have no friends, while your vile and dishonest and lying practices have driven away from you men who would have stood by you in any and every emergency had you acted the part of an honest and honorable man. Blame no one but yourself. Get right down to the point of honest and conscientious self-examination, ascertain that you have been a mighty mean and unreliable fellow, admit the fact, and then turn over your new leaf and take a new lease on life. Ask God for forgiveness, pardon and blessing; then start at the bottom of the ladder again, win your way into the lives and hearts of good citizens through the mediums of energy, perseverance, truth, honor and honesty, and, backed by God's blessing, nothing can keep you down, and the world at large will be compelled, by the force contained and embraced in such a life, to give you the helping hand. Test it. Try it. Be a man. Don't whine.

THREE MONTHS MORE.

Salem, Sebring and Alliance Trolley Promoters Granted an Extension.

Salem, May 3.—(Special)—The city council has granted an extension of three months to the promoters of the Alliance, Sebring and Salem Street Railway company, whose franchise expired yesterday under the condition that work should be begun within six months from the time the original franchise was granted. Nothing has been done in the meantime. The Stark county commissioners have already granted an extension of three months and Alliance City council promises to follow suit. The promoters are hopeful that the road may yet be built.

FOLEY BROS.,

Have Never Signified Their Intention of Accepting a City Contract.

Foley Bros., of Rochester, Pa., who were the lowest bidders for the improvement of Calcutta road and Pennsylvania avenue, have never been heard from, although Clerk Hanley has sent them several communications. It is not known whether they intend to accept the contract, but the city still holds their check. The next lowest bidder was Miller, of Youngstown. Council will take some action on the matter next Tuesday evening. The bids were opened last August and held over until the bonds could be sold.

New Passenger Schedule.

The new passenger schedule of the Cleveland & Pittsburgh road has been printed and will be distributed along the road within a few days. The schedule will take effect May 13. It is said that a number of changes have been made, one of the most important being the change of time in the Pittsburgh and Bellaire accommodation train, due here at 8 a. m. and 7:14 p. m. It is said this train will arrive here from Bellaire later in the morning and will arrive from Pittsburgh earlier in the evening than heretofore.

Cleaning Streets.

The street force are at work today cleaning the paved streets. It has been suggested that it would be a wise idea to keep a gang of men at work on the paved streets all the time.

BOYS OF THE TENTH.

A Number of the Members of B Company Visited Us Last Night.

The boys were in full uniform, returning from their trip to Steubenville, and dropped off to see old acquaintances in East Liverpool. Two of the boys in blue called at the News Review office and had a chat with Sergeant Palmer, recalling scenes and incidents in connection with Manila and her surroundings. One of the couple, Private Veyon, is the grandson of Samuel Veyon, who was a messmate of Sergeant Palmer's during the civil war. Samuel Veyon was a man of wonderful nerve and courage. He was very dangerously wounded at the battle of Gaines' Mill, in front of Richmond, but resolved to die rather than submit to capture and imprisonment in Libby prison, and made his way on foot to Harrison's Landing, a distance of about 17 miles. His grandson is said to inherit his courage and grit—a chip of the old block. Come again, boys; you are always welcome.

THIS WEEK.

Measuring of the Kilns Will be Completed and a Report Made to the Brotherhood.

Vice President Jesse J. Jackson and Statistician James Miles, of the Brotherhood, will finish their work of measuring the kilns in the city this week and will make a report to the executive committee of the Brotherhood at once. The executive board will in turn make a report to the manufacturers and operatives. Mr. Jackson, in speaking of the work, said they found the kilns were very near uniform in size and that there would be but little change in the wages of the kilnmen as a result of their work.

CITY MISSIONARY.

One May be Employed by the Missionary Societies of the Various Churches in the City.

Since the death of Mrs. Letitia Curry the missionary societies of the city have been without a city missionary. Mrs. Dawson, of Smith's Ferry, has made application for the position and a conference of all the missionary societies of the various churches in the city will be held to take action on the matter. It is probable the missionary will be engaged, as there is much work of the kind to be done in the city.

Just Escaped Death.

William Heacock was struck by the accommodation at Sebring and seriously injured. He was thrown 15 feet in the air. His shoulders, face, and hips were badly cut and bruised. He was rendered unconscious, and at first it was thought he was dead. He was taken to Alliance.

An Attorney Here.

Attorney Franzo D. Miller, of Columbiana, was in the city yesterday shaking hands with his many friends. Mr. Miller has temporarily suspended his practice of law and is working for the telephone company. He expects to return to the practice of law in the fall if his health is good.

New Gas Line.

The Fort Pitt Gas company today began the work of laying a new low pressure main in the East End. About one and one-half miles of pipe will be laid. This main will extend along St. George street, through the Boyce orchard and as far east as the new passenger station.

Returned Here.

Robert Steele, who has been employed as a handler at the Ford City china works for some time, has returned to the city and will be employed in one of the local potteries.

STOP THE PRACTICE.

Mayor Davidson and Marshal Thompson Are Determined to Call a Halt.

Our city officials have lately become aware of the fact that an organized system of begging for money, with which to secure whisky, is prevailing in East Liverpool, and especially in and around the Diamond. Mayor Davidson is determined that the practice shall be stopped, and he will make it very warm for the fellows who indulge in such shameless procedure. No honest or honorable working man or mechanic would think of doing such a thing, and our chief magistrate is determined that the dishonorable fellows shall be called down in a manner which will astonish them. Said a prominent business man to the writer today:

"Cap., it has become an actual necessity to call these loafers down. Four or five of them will assemble at a certain point in the Diamond, and they will spot a merchant and tackle him for any sum from five cents to twenty-five cents. They select the individual who will do the tackling, and if he fails, then No. 2 will tackle the next good subject for bleeding, and so on through the list of loafers, until a sufficient sum is secured to pay for a quart or pint of whisky, and they keep this up until the whole crew have what they call a **glorious spree**, at no expense to themselves. I've been bled on several occasions by fellows of this class, young men who were once self respecting and good workmen; but booze has lowered them, and they are ready to do most anything to obtain intoxicants. Forbearance has ceased to be a virtue with me, and I've called the attention of Mayor Davidson to the practice, and I know that Billy will wake 'em up."

EXCITING RUNAWAY.

Ohio Valley Gas Rig Makes a Wild Break Through the Diamond This Morning.

At 10:45 this morning the single rig, owned by the Ohio Valley Gas company, ran off from their shed in the Midway and speeded toward the Diamond, just as the dairy wagon of H. R. Mansfield turned in at Joseph Bros' corner. The driver of the dairy wagon did all he could to prevent a collision and was partially successful.

As it was his wheel was struck by the rig, at the same time colliding with a telephone pole, although little damage resulted. The runaway kept on up through the Diamond and out East Market to the Horn switch. It was finally caught heading up Calcutta road by a boy. The driver of the rig, who had been putting a box in the wagon when the horse started off, followed it through the streets yelling for someone to stop the runoff. When he recovered possession he indignantly declared that there wasn't a man on the street, and praised the boy highly for making the capture.

BRICKLAYERS TALK.

Say a Mistake Was Made in Making Two Demands at the Same Time.

A peculiar turn has occurred in the bricklayers' strike, and if reports be true, the executive committee of the International Union of Bricklayers and Masons may request the strikers to return to work. The executive committee, when the facts of the strike were made known, it is said, notified the local union that the strike was unconstitutional, as they had no right to make two demands at the same time. The workmen asked for an increase in wages from 45 to 50 cents an hour and a reduction in the hours from 9 hours to 8. The executive board states the laws of the union have been violated.

This morning a reporter called at the residence of James Larcombe, president of the local union, but he was not at home. The above statements, however, were made by several members of the union who reside here.

A member of the union last evening said: "When the local was formed last October the scale was fixed at 45 cents an hour. Soon afterwards the wages of the men employed by Ed. Cook were advanced from \$3.50 to \$4 a day. This caused an ill feeling among the men employed by other contractors, and for that reason these men wanted to cripple Mr. Cook and fathered the strike."

The Young Lady Has Gone to Her Home to Meet Her Betrothed.

Miss Bertha Benton, a well-known and popular lady decorator, lately employed at the Dresden pottery, left for her home at Ashtabula at noon today, where she will meet her affianced husband, Clayton Hiland, and be united in the bonds of matrimony. The young couple have been associates from childhood, and we understand their course of true love has run very smoothly. The News Review unites with the many friends of Miss Benton in wishing herself and husband all the happiness and success they so richly deserve.

Bridget Campbell Wants Pay for Caring for Michael McMahon.

Lisbon, May 3.—(Special)—Bridget Campbell, of Salineville, has filed suit against John J. Kirk as administrator of the estate of Michael McMahon, deceased, to obtain judgment for \$2,028. Plaintiff claims that she was employed by McMahon to keep house for him March 2, 1894, and that she remained with him until March 2, 1900. That in addition to the house work she nursed him during his last illness and that he agreed to pay her for her labor, and that she never received any compensation. She further states that her services were reasonably worth the above amount, and when she presented her bill to the administrator he refused to allow it or any part of it.

A Floral Miracle.

"The most magnificent floral effect I ever saw in my life," said Robert N. Wilson of the Morgan line, "was in Texas. They have a flower there called the rainflower, the botanical name of which is the cooperia. It usually blooms three or four days after a rain. I was through the country to look after some land for a friend, and the thing that struck me in that particular locality was the utter barrenness of the whole landscape. There was a low piece of land of ten acres or more that was covered with low, black vines that were decidedly uninviting. Four hours later, after a heavy thunder shower, I passed this piece of land, and it was absolutely covered with what seemed to be the prettiest flowers I had ever seen. It was one enormous bouquet, and the fragrance from it was almost intoxicating."

"I could scarcely believe the evidence of my own eyes, but there it was, what seemed to be an unsightly waste transformed as if by magic into a bower of bloom."

"I made inquiry of the natives and learned that once in a long time the rainflower bloomed in a few hours after a rain, though ordinarily the blossoms did not appear for three or four days and then usually came in the night."—New York Commercial Advertiser.

"And pray, let me ask, what was your father, my lord?"

"My father, Mr. Foote, was a gentleman."

STOP THE PRACTICE.

Mayor Davidson and Marshal Thompson Are Determined to Call a Halt.

Our city officials have lately become aware of the fact that an organized system of begging for money, with which to secure whisky, is prevailing in East Liverpool, and especially in and around the Diamond. Mayor Davidson is determined that the practice shall be stopped, and he will make it very warm for the fellows who indulge in such shameless procedure. No honest or honorable working man or mechanic would think of doing such a thing, and our chief magistrate is determined that the dishonorable fellows shall be called down in a manner which will astonish them. Said a prominent business man to the writer today: "Cap., it has become an actual necessity to call these loafers down. Four or five of them will assemble at a certain point in the Diamond, and they will spot a merchant and tackle him for any sum from five cents to twenty-five cents. They select the individual who will do the tackling, and if he fails, then No. 2 will tackle the next good subject for bleeding, and so on through the list of loafers, until a sufficient sum is secured to pay for a quart or pint of whisky, and they keep this up until the whole crew have what they call a **glorious spree**, at no expense to themselves. I've been bled on several occasions by fellows of this class, young men who were once self respecting and good workmen; but booze has lowered them, and they are ready to do most anything to obtain intoxicants. For bearing has ceased to be a virtue with me, and I've called the attention of Mayor Davidson to the practice, and I know that Billy will wake 'em up."

EXCITING RUNAWAY.

Ohio Valley Gas Rig Makes a Wild Break Through the Diamond This Morning.

At 10:45 this morning the single rig, owned by the Ohio Valley Gas company, ran off from their shed in the Midway and speeded toward the Diamond, just as the dairy wagon of H. R. Mansfield turned in at Joseph Bros' corner. The driver of the dairy wagon did all he could to prevent a collision and was partially successful.

As it was his wheel was struck by the rig, at the same time colliding with a telephone pole, although little damage resulted. The runaway kept on up through the Diamond and out East Market to the Horn switch. It was finally caught heading up Calcutta road by a boy. The driver of the rig, who had been putting a box in the wagon when the horse started off, followed it through the streets yelling for someone to stop the runoff. ALL DELEGATES EQUAL

M. E. Conference Increase Lay Representation.

RESULT OF 100 YEARS' FIGHT.

Book of Discipline In Reference to Representation at Conferences Changed to Read Accordingly—Dr. David Monroe, of Pennsylvania, Elected Secretary.

CHICAGO, May 3.—By a unanimous vote the delegates to the Methodist conference decided to give equal lay representation in all Methodist conferences. The announcement of the vote was greeted with cheers, as it was a victory which had been fought for for a hundred years.

A fight was expected over the matter but it did not materialize. The matter was introduced by the Rev. J. M. Buckley, of the Central New York conference. He moved the adoption of the rules of the last general conference, with the exception of 1 and 18. This was carried almost unanimously and Dr. Buckley asked the vote on the Rock River proposition.

The proposition made at the Rock River conference was for equal lay representation in all Methodist conferences, annual and general. The proposition was read and the unanimous approval followed. The book of discipline in reference to representation at conferences was changed to read accordingly.

The decision to give equal representation to the laymen was followed soon after by a decision to admit the provisional delegates.

Dr. David S. Monroe, of the Central Pennsylvania conference, was elected secretary of the conference by acclamation. The cause of the provisionals was relieved of an embarrassment by the withdrawal of all claims of rights to a seat by Mrs. M. Y. McMahan, of Griggsville, Ill. In her communication she said she believed that by withdrawing she would aid the provisionals in securing seats.

Following the opening of the conference by Bishop Bowman, Bishop H. W. Warren announced the first hymn, which was sung with enthusiasm by the great audience. The Apostles' Creed, led by Bishop J. M. Thoburn, of India, was recited by the audience, and then Bishop C. D. Foss delivered a prayer. This was followed by the reading of Psalm 46, by the Rev. H. H. Lowry, D. D., of the North China conference. The Gloria was then chanted, the second scripture lesson from the first chapter of Acts, first to fourteenth paragraphs, read by the Rev. Austin Griffin, of the Wyoming conference, and another hymn was announced by the Rev. Harry Swan, of the West Texas conference. A prayer by the Rev. H. A. Gobin, of the Northwest Indiana conference, followed, and was succeeded by another hymn, announced by the Rev. Jacob Yunkers, of the North Germany conference.

As the last note of the hymn died away Bishop S. M. Merrill took the chair. A determined effort will be made to raise the ban on dancing, card playing and theater going, and arguments advanced for the consecration of bishops of limited jurisdiction and the dropping of the time limit on pastores. It is also expected that at least some steps will be taken looking to the reuniting of the south branch of the church with the main body.

A strong effort will be made to elect a colored bishop to have jurisdiction of the churches of his race in the south.

Among the leading candidates for bishop are the following: Frank M. Bristol, of Washington; Charles Little, of Evansville; P. H. Swift, of Cincinnati; J. W. Hamilton, of Boston; J. M. King, of New York; Henry Spellmeyer, of Newark; T. J. Neeley, of Philadelphia; T. J. Palmer, of New York; W. V. Kelley, of New York.

While the former provisional delegates were hunting for seats, Dr. King presented a plan for organizing the standing committees on a basis of one layman and one minister from each conference, thus doubling the size of each committee, but giving equal representation. Dr. Jacob B. Graw, of New Jersey, opposed the motion, while Governor Leslie M. Shaw, of Iowa, supported it, and after some debate it was carried.

Dr. T. H. Hagerty, of St. Louis, presented the conference with a gavel made of wood taken from three widely-separated Methodist churches—the Johns street church, New York; the First Methodist, of Omaha; the Kendric church, Cape Girardeau, Mo., the first Methodist church built west of the Mississippi, and the Union M. E. church.

of St. Louis, the first Methodist church built on strictly union principles after the breaking out of the civil war.

A STRIKE SETTLED.

Superintendent Waitt and the New York Central Railroad Employees Have Settled Their Troubles.

BUFFALO, May 3.—An amicable adjustment of existing differences between the members of the Car Repairers' association, employees of the New York Central railway, and Superintendent Waitt, of the motive power department who represented the company, was concluded after a conference here.

The agreement reached was ratified at a joint meeting of the strikers so far as it relates to their own grievance. The reservation made by the Central men was that they would not return to work until the car repairers on the other lines who struck either in sympathy or on independent grievances shall have arranged with their employers to resume their former positions.

HARRASSED BY BOERS.

Burgers Still Active—Roberts' Plans Line of Forts—Preparing to Remove Mafeking.

LONDON, May 3.—The immediate objective of Lord Roberts is to establish a line of British posts from one frontier of the Free State to the other at right angles with the railway line, thus preventing Boer raids southward.

It is essential therefore that the Boers should be expelled from the rugged Thaba N'Chu district and be forced to retire to Ladybrand.

As the result of the desultory firing Monday and Tuesday the Boers were pushed back a few miles, but nothing decisive appears to have been yet attained.

The Boers continue to follow their harassing tactics.

Preparations for an advance continue at Kimberley. Sir Alfred Milner has written to the mayor of Kimberley, assuring him that the relief of Mafeking has not ceased to occupy his attention and that of the military authorities, and that nothing will be left undone to raise the siege at the earliest possible moment.

A correspondent at Lourenzo Marques cabled Tuesday that a large part of the investing force at Mafeking had been withdrawn.

General Buller continues quiet. The Boers assert that they are delaying an attack on him in the hope that all the horses of the British will die of horse sickness.

According to a correspondent of The Daily Telegraph with Lord Roberts, President Kruger is again asking peace terms.

TO AWAKEN OUR SYMPATHY.

Boer Commissioners' Reason For Coming To the United States.

THE HAGUE, May 3.—After farewell visits to Ministers Pierson and De Beaufort, the Boer delegates started for Rotterdam on their way to the United States. A great crowd at the station bid them farewell. Floral tributes reached the delegates from all parts of the country. A committee of the South African union presented the delegates with a silver palm as an emblem of peace. Hymns were sung by the school children gathered at the station.

Regarding their visit to the United States, the envoys said they knew nothing of their probable official reception, they said beyond the press reports, but hoped to awaken popular sympathy in America and aid in bringing about the close of the war. They would not say on what terms peace proposals would be received by the Boers.

And He Knew.

Chicago Grain and Provisions.

CHICAGO, May 3.—The wheat market was dull but firm, helped by higher Liverpool cables and a bullish feeling among traders, closing $\frac{1}{2}$ at $\frac{1}{4}$ to $\frac{1}{2}$ at $\frac{1}{4}$ improved. Corn closed unchanged and oats $\frac{1}{2}$ to $\frac{1}{4}$ improved. Provisions suffered a sharp break, closing $17\frac{1}{2}$ to $42\frac{1}{2}$ lower.

IS AGUINALDO DEAD?

Believed Rebel Leader Was Killed by Savages.

HIS WIFE NEARLY PROSTRATED.

The Sultan of Sulu Gone to Singapore—Reported He Will Protest Against Americans Establishing a Tariff Against Imports—The Fighting at Catubig.

MANILA, May 3.—General Funston has discovered a rebel warehouse near Cabanutan, province of New Egia, containing all the archives of the Malolos government. Aguinaldo's correspondence up to the time of his flight and much valuable historical matter.

The belief is growing that Aguinaldo was killed by the Igorotes. There is no proof that he has been alive since Major Peyton C. Murch, of the Thirtieth regiment, abandoned the chase after the Filipino leader in the Lenquet mountains, although an insurgent officer who recently surrendered to General Young says that the insurgent general Tinio holds this belief. Tinio held regular communication with Aguinaldo until December 28, since when he has heard nothing from him and Tinio thinks Aguinaldo would find means to communicate with him if alive.

Major March's information was that there were only half a dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers. Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted.

She is in a delicate condition and nearly prostrated with worry. Therefore she has not been informed of the death of her child and thinks it is with friends at Bacooc.

The sultan of Sulu, with a retinue, including several of his wives, has sailed for Singapore, ostensibly on a religious mission. A Hongkong dispatch to a Manila paper says the sultan has gone to Singapore in order to protest to the British against the Americans establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain and Germany, the latter guaranteeing the Sulu islands free trade, whereas the Americans have established a tariff nearly doubling the prices of tobacco, rice and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate and the owner, Senor Escano, and his son with knives after a desperate struggle. The mutineers then scuttled the ship and escaped to the Leyte mountains with \$28,000.

Further details of the fighting at Catubig show that the American loss was 20 killed. The Americans were quartered in the Catubig church, which the enemy, numbering several hundred men, surrounded and fiercely attacked. The Americans fought for two days and then the rebels managed to ignite the roof of the church and it burned away and finally fell down upon those inside the edifice. The walls remained intact, however, and were used as a shelter by the besieged Americans for three days longer, the enemy attacking the building on all sides at once.

The Americans continued firing from the windows and doors of the church and did great execution among the Filipinos. It is estimated that over 200 of the latter were killed, many dead bodies being removed from the scene of the fighting.

After five days' resistance by the Americans a lieutenant and eight men arrived from Laoan and engaged the besiegers, who thereupon retired.

The ten survivors were without food; had little ammunition and were physically exhausted when relieved.

CHRIST TO KING AGRIPPA

Murray Not Sure Recently Discovered Letters Are Authentic, but Are Somewhat Corroborative.

LONDON, May 3.—Prof. George R. M. Murray, keeper of the department of botany in the British museum, when questioned regarding the reported rediscovery, after being lost for more than 900 years, of letters alleged to have passed between Christ and King Agrippa and to have been carved in stone over the gateway of the palace of the kings of Ephesus, said in part:

"There is no doubt that the inscription found at Ephesus is a genuine production of the fifth century. Beyond that nothing definite can be said, except that it is in the nature of a corroboration of the Syrian writings of the second century, discovered a few years ago,

relating to alleged messages between Christ and Agrippa.

"Certain Syrian documents, dated in the year 200 A. D., and giving almost the same letters, have long been suspected of being literary forgeries. The discovery of the stone tends to relieve this suspicion and makes it tolerably certain that, as early as the second century, news of Christ's miracles had spread to heathen countries and that the early Christians believed that Agrippa asked Christ to come to heal him and that Christ replied.

"The alleged answer is almost a paraphrase of much that is found in the New Testament. Whether it was actually sent or was the result of a continuing tradition, transferred from papyrus to stone, is a question opening too wide a field for mere archaeologist. Many points in Prof. Heberdy's discovery, however, are most important."

TOTAL DEATH LIST

MAY REACH 300.

Many Bodies Already Recovered From the Damaged Coal Mines at Scofield, Utah.

SCOFIELD, Utah, May 3.—The estimate of the number killed in the terrible mine explosion here is 250, but the total death list may yet reach 300. Relief work is still in progress, being conducted by shifts of men. The shift now in the mine has 50 bodies ready to bring out, and the number of corpses yet to be recovered is still uncertain. One hundred and forty-nine bodies have been secured.

Arriving trains are constantly bringing relatives of the victims from outside points, and the coal company has designated a committee to carry the dead to Salt Lake, Ogden and other cities.

ALL DELEGATES EQUAL

M. E. Conference Increase Lay Representation.

RESULT OF 100 YEARS' FIGHT.

Book of Discipline in Reference to Representation at Conferences Changed to Read Accordingly—Dr. David Monroe, of Pennsylvania, Elected Secretary.

CHICAGO, May 3.—By a unanimous vote the delegates to the Methodist conference decided to give equal lay representation in all Methodist conferences. The announcement of the vote was greeted with cheers, as it was a victory which had been fought for for a hundred years.

A fight was expected over the matter but it did not materialize. The matter was introduced by the Rev. J. M. Buckley, of the Central New York conference. He moved the adoption of the rules of the last general conference, with the exception of 1 and 18. This was carried almost unanimously and Dr. Buckley asked the vote on the Rock River proposition.

The proposition made at the Rock River conference was for equal lay representation in all Methodist conferences, annual and general. The proposition was read and the unanimous approval followed. The book of discipline in reference to representation at conferences was changed to read accordingly.

The decision to give equal representation to the laymen was followed soon after by a decision to admit the provisional delegates.

Dr. David S. Monroe, of the Central Pennsylvania conference, was elected secretary of the conference by acclamation. The cause of the provisionals was relieved of an embarrassment by the withdrawal of all claims of rights to a seat by Mrs. M. Y. McMahan, of Griggsville, Ill. In her communication she said she believed that by withdrawing she would aid the provisionals in securing seats.

Following the opening of the conference by Bishop Bowman, Bishop H. W. Warren announced the first hymn, which was sung with enthusiasm by the great audience. The Apostles' Creed, led by Bishop J. M. Thoburn, of India, was recited by the audience, and then

Bishop C. D. Foss delivered a prayer. This was followed by the reading of Psalm 46, by the Rev. H. H. Lowry, D. D., of the North China conference. The Gloria was then chanted, the second scripture lesson from the first chapter of Acts, first to fourteenth paragraphs, read by the Rev. Austin Griffin, of the Wyoming conference, and another hymn was announced by the Rev. Harry Swan, of the West Texas conference. A prayer by the Rev. H. A. Gobin, of the Northwest Indiana conference, followed, and was succeeded by another hymn, announced by the Rev. Jacob Yunkers, of the North Germany conference.

As the last note of the hymn died away Bishop S. M. Merrill took the chair. A determined effort will be made to raise the ban on dancing, card playing and theater going, and arguments advanced for the consecration of bishops of limited jurisdiction and the dropping of the time limit on pastorates. It is also expected that at least some steps will be taken looking to the reuniting of the south branch of the church with the main body.

A strong effort will be made to elect a colored bishop to have jurisdiction of the churches of his race in the south.

Among the leading candidates for bishop are the following: Frank M. Bristol, of Washington; Charles Little, of Evansville; P. H. Swift, of Cincinnati; J. W. Hamilton, of Boston; J. M. King, of New York; Henry Spellmeyer, of Newark; T. J. Neely, of Philadelphia; T. J. Palmer, of New York; W. V. Kelley, of New York.

While the former provisional delegates were hunting for seats, Dr. King presented a plan for organizing the standing committees on a basis of one layman and one minister from each conference, thus doubling the size of each committee, but giving equal representation. Dr. Jacob B. Graw, of New Jersey, opposed the motion, while Governor Leslie M. Shaw, of Iowa, supported it, and after some debate it was carried.

Dr. T. H. Haggerty, of St. Louis, presented the conference with a gavel made of wood taken from three widely-separated Methodist churches—the Johns street church, New York; the First Methodist, of Omaha; the Kendie church, Cape Girardeau, Mo., the first Methodist church built west of the Mississippi, and the Union M. E. church.

of St. Louis, the first Methodist church built on strictly union principles after the breaking out of the civil war.

A STRIKE SETTLED.

Superintendent Waitt and the New York Central Railroad Employees Have Settled Their Trouble.

BUFFALO, May 3.—An amicable adjustment of existing differences between the members of the Car Repairers' association, employees of the New York Central railway, and Superintendent Waitt, of the motive power department who represented the company, was concluded after a conference here.

The agreement reached was ratified at a joint meeting of the strikers so far as it relates to their own grievance. The reservation made by the Central men was that they would not return to work until the car repairers on the other lines who struck either in sympathy or on independent grievances shall have arranged with their employers to resume their former positions.

HARRASSED BY BOERS.

Burgers Still Active—Roberts' Plans Line of Posts—Preparing to Relieve Mafeking.

LONDON, May 3.—The immediate objective of Lord Roberts is to establish a line of British posts from one frontier of the Free State to the other at right angles with the railway line, thus preventing Boer raids southward.

It is essential therefore that the Boers should be expelled from the rugged Thaba N'Chu district and be forced to retire to Ladybrand.

As the result of the desultory firing Monday and Tuesday the Boers were pushed back a few miles, but nothing decisive appears to have been yet attained.

The Boers continue to follow their harassing tactics.

Preparations for an advance continue at Kimberley. Sir Alfred Milner has written to the mayor of Kimberley, assuring him that the relief of Mafeking has not ceased to occupy his attention and that of the military authorities, and that nothing will be left undone to raise the siege at the earliest possible moment.

A correspondent at Lourenzo Marques cabled Tuesday that a large part of the investing force at Mafeking had been withdrawn.

General Buller continues quiet. The Boers assert that they are delaying an attack on him in the hope that all the horses of the British will die of horse sickness.

According to a correspondent of The Daily Telegraph with Lord Roberts, President Kruger is again asking peace terms.

TO AWAKEN OUR SYMPATHY.

Boer Commissioners' Reason For Coming To the United States.

THE HAGUE, May 3.—After farewell visits to Ministers Pierson and De Beaufort, the Boer delegates started for Rotterdam on their way to the United States. A great crowd at the station bid them farewell. Floral tributes reached the delegates from all parts of the country. A committee of the South African union presented the delegates with a silver palm as an emblem of peace. Hymns were sung by the school children gathered at the station.

Regarding their visit to the United States, the envoys said they knew nothing of their probable official reception, they said beyond the press reports, but hoped to awaken popular sympathy in America and aid in bringing about the close of the war. They would not say on what terms peace proposals would be received by the Boers.

IS AGUINALDO DEAD?

Believed Rebel Leader Was Killed by Savages.

HIS WIFE NEARLY PROSTRATED.

The Sultan of Sulu Gone to Singapore—Reported He Will Protest Against Americans Establishing a Tariff Against Imports—The Fighting at Catubig.

MANILA, May 3.—General Funston has discovered a rebel warehouse near Cabanatuuan, province of New Egja, containing all the archives of the Malolos government. Aguinaldo's correspondence up to the time of his flight and much valuable historical matter.

The belief is growing that Aguinaldo was killed by the Igorotes. There is no proof that he has been alive since Major Peyton C. Murch, of the Thirtieth regiment, abandoned the chase after the Filipino leader in the Lenquet mountains, although an insurgent officer who recently surrendered to General Young says that the insurgent general Tinio holds this belief. Tinio held regular communication with Aguinaldo until December 28, since when he has heard nothing from him and Tinio thinks Aguinaldo would find means to communicate with him if alive.

Major March's information was that there were only half a dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers. Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted.

She is in a delicate condition and nearly prostrated with worry. Therefore she has not been informed of the death of her child and thinks it is with friends at Bacoor.

The sultan of Sulu, with a retinue, including several of his wives, has sailed for Singapore, ostensibly on a religious mission. A Hongkong dispatch to a Manila paper says the sultan has gone to Singapore in order to protest to the British against the Americans establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain and Germany, the latter guaranteeing the Sulu islands free trade, whereas the Americans have established a tariff nearly doubling the prices of tobacco, rice and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate and the owner, Señor Escano, and his son with knives after a desperate struggle. The mutineers then scuttled the ship and escaped to the Leyte mountains with \$28,000.

Further details of the fighting at Catubig show that the American loss was 20 killed. The Americans were quartered in the Catubig church, which the enemy, numbering several hundred men, surrounded and fiercely attacked. The Americans fought for two days and then the rebels managed to ignite the roof of the church and it burned away and finally fell down upon those inside the edifice. The walls remained intact, however, and were used as a shelter by the besieged Americans for three days longer, the enemy attacking the building on all sides at once.

The Americans continued firing from the windows and doors of the church and did great execution among the Filipinos. It is estimated that over 200 of the latter were killed, many dead bodies being removed from the scene of the fighting.

After five days' resistance by the Americans a lieutenant and eight men arrived from Laon and engaged the besiegers, who thereupon retired.

The ten survivors were without food; had little ammunition and were physically exhausted when relieved.

CHRIST TO KING AGRIPPA

Murray Not Sure Recently Discovered Letters Are Authentic, but Are Somewhat Corroborative.

LONDON, May 3.—Prof. George R. M. Murray, keeper of the department of botany in the British museum, when questioned regarding the reported rediscovery, after being lost for more than 900 years, of letters alleged to have passed between Christ and King Agrippa and to have been carved in stone over the gateway of the palace of the kings of Ephesus, said in part:

"There is no doubt that the inscription found at Ephesus is a genuine production of the fifth century. Beyond that nothing definite can be said, except that it is in the nature of a corroboration of the Syrian writings of the second century, discovered a few years ago.

relating to alleged messages between Christ and Agrippa.

"Certain Syrian documents, dated in the year 200 A. D., and giving almost the same letters, have long been suspected of being literary forgeries. The discovery of the stone tends to relieve this suspicion and makes it tolerably certain that, as early as the second century, news of Christ's miracles had spread to heathen countries and that the early Christians believed that Agrippa asked Christ to come to heal him and that Christ replied.

"The alleged answer is almost a paraphrase of much that is found in the New Testament. Whether it was actually sent or was the result of a continuing tradition, transferred from papyrus to stone, is a question opening too wide a field for mere archaeologist. Many points in Prof. Heberdy's discovery, however, are most important."

TOTAL DEATH LIST

MAY REACH 300.

Many Bodies Already Recovered From the Damaged Coal Mines at Scofield, Utah.

SCOFIELD, Utah, May 3.—The estimate of the number killed in the terrible mine explosion here is 250, but the total death list may yet reach 300. Relief work is still in progress, being conducted by shifts of men. The shift now in the mine has 50 bodies ready to bring out, and the number of corpses yet to be reached is still uncertain. One hundred and forty-nine bodies have been secured.

Arriving trains are constantly bringing relatives of the victims from outside points, and the coal company has designated a committee to carry the dead to Salt Lake, Ogden and other cities.

On account of gas No. 4 mine has been abandoned as a means of rescue and bodies are arriving at the mouth of No. 1 mine by the carload.

Ferrish level has been cleared of dead and all are burned and unrecognizable.

BODE OVER OPPONENTS

Majority Swept Canal Bill Through House.

PASSED BY A VOTE OF 225 TO 35.

Motion to Recommit and Report Back Another Measure Buried Under Adverse Majority of 52 to 171—Fortification Feature Left Out—Rows Occurred.

WASHINGTON, May 3.—The house, at the conclusion of the most stormy debate of the present session of congress, passed the Nicaragua canal bill by the overwhelming vote of 225 to 35. Attempts to retain in the bill the language of the original bill for the fortification of the canal and to still further strengthen the language on that line were balked, and the victory of Mr. Hepburn and the committee was complete. A motion to recommit the bill with instructions to report back another bill leaving the selection of the route to the president was buried under an adverse majority of 52 to 171.

Mr. Cannon, chairman of the appropriation committee, and Mr. Burton, of Ohio, chairman of the rivers and harbors committee, made a game fight to stall off action at this session, but their appeals were in vain, and the members rode rough-shod over all their arguments and protests.

Much excitement reigned throughout the day and several times bitter words were used. The excitement reached its climax in a highly dramatic scene between Mr. Hepburn and Mr. Cannon, when the former used the word "lie" and "liar" as he denounced the distinguished chairman of the appropriations committee for attempting "to dishonor him." The house was in riotous confusion during the quarrel. Members crowded the aisles and the situation at one time was so threatening that Mr. Wheeler, of Kentucky, Democrat, sought to pour oil on the waters by raising a point of order. But he was not upheld and the two irate members carried their war to the very hilt. There was a show of peace at the close of the incident, but the feeling between the two men ran so high that the mutual retractions with which such incidents generally end were but the cloaks for the keenest and most cutting sarcasm.

Another scene occurred between Mr. Gaines and Mr. Mann. The former took exceptions to some remarks of the latter, saying they were "devoid of common decency, courtesy and gentility."

The bill as it passed the house was in part as follows.

Be it enacted, etc., that the President of the United States be and is hereby authorized to acquire from the states of Costa Rica and Nicaragua for and in behalf of the United States control of such portion of territory now belonging to Costa Rica and Nicaragua as may be desirable and necessary on which to excavate, construct and protect a canal of such depth and capacity as would be sufficient for the movements of ships of the greatest tonnage and draft now in use, from a point near Greystown on the Caribbean sea, via Lake Nicaragua, to Breto, on the Pacific ocean; and such sum as may be necessary to secure such control is hereby appropriated out of any money in the treasury not otherwise appropriated.

Section 2.—That when the President has secured full control over the territory in section 1 referred to he shall direct the secretary of war to excavate and construct a canal and water way * * * * and the secretary of war shall also construct such safe and commodious harbors at the termini of said canal and such provisions for defense as may be necessary for the safety and protection of said canal and harbors.

Section 6.—That the sum of \$10,000,000 is hereby appropriated, out of any money in the treasury, not otherwise appropriated, toward the object herein contemplated, and the secretary of war is further hereby authorized to enter into a contract or contracts for materials and work that may be deemed necessary for the proper excavation, construction, completion and defense of said canal, to be paid for as appropriations may from time to time be hereafter made, not to exceed in the aggregate \$140,000.

WROTE ABUSIVE NOTE TO THE PRESIDENT.

Pettigrew Had Read In Senate One of His Measures—Turner Charged At Use of Volunteers.

WASHINGTON, May 3.—In offering an amendment to the army appropriation bill, in the senate, providing that the volunteer soldiers in the Philippines who had remained there and performed willing service long after they were entitled to discharge should receive travel pay and commutation of subsistence less the actual cost of their transportation to the United States, Mr. Turner (Wash.) made an extended statement.

The amendment, he said, applied to

about 10,000 officers and men scattered all over the country. He declared that the volunteers brought back to the United States from the Philippines had been "packed like swine in dark, filthy, rotten and antiquated vessels."

Mr. Turner said the secretary of war had estimated his amendment would cost about \$7,000,000 but he was satisfied the secretary had been imposed upon. He had carefully estimated the cost and did not think it would require more than \$1,500,000.

Mr. Hawley (Conn.) made the point of order against the amendment that it was a change of existing law and the point was sustained.

In a sharp speech Mr. Rawlins (Utah) declared that there was a distinction between the treatment of the Astor battery and the Utah battery.

Mr. Pettigrew bitterly denounced the government for keeping the volunteers in service after their time had expired.

Mr. Pettigrew then read many letters from officers and men of the South Dakota regiment in support of the statements he had made.

Commenting upon one of the letters, Mr. Pettigrew said that hundreds of soldiers who had served in the Philippines were now inmates of St. Elizabeth's insane asylum at Washington. At least 200, he declared, had committed suicide.

Mr. Pettigrew also had a letter read which he wrote to the president in which he used most violent and abusive language against the chief executive.

A DAY IN WALL STREET.

Over \$2,000,000 In Gold Engaged for Shipment by a French Steamer Today.

NEW YORK, May 3.—There were no transactions of any importance in the stock market to-day. Sugar opened at last night's price and moved up at one time $4\frac{1}{2}$ points, closing with a net gain of about 4. The constant fluctuations of this stock offered the room traders about their only opportunity for securing a turn during the greater part of the day, and they traded in it constantly in and out, helping on the aggregate of sales recorded in the stock without making any impression on the stock transfer books of the company. News of the stock consisted of rumors without verification. There is undoubtedly a feeling of dread among speculators that there may be a sudden and sectional development regarding the steel industrials and those stocks are sensitive to every passing rumor.

The announcement of further gold engagements for today's French steamer of \$2,100,000 was the signal for a general selling movement by this class of speculators. It had been taken for granted that large exports of gold would be made by Saturday's steamer, but the additional shipment by today's steamer, bringing the total to \$2,600,000, was a surprise.

The bond market was dull and irregular. Total sales, par value, \$1,438,000.

United States refunding 2s when issued advanced $\frac{1}{8}$ and the 3s, old 4s and new 4s $\frac{1}{4}$ in the bid price.

Read Sibley Out of the Party.

WARREN, May 3.—Democrats of the Twenty-seventh congressional district have dumped Hon. Jos. C. Sibley. His alleged independent actions during the last session of congress and his alleged support of M. S. Quay during the latter's attempts to succeed himself as United States senator are given as the causes. If Emery is nominated by the independent Republicans the Democrats may endorse him.

Fight Against Sunday Ball.

WHEELING, May 3.—The Ministerial association, of Wheeling and vicinity, has taken up the fight against Sunday baseball. Resolutions adopted at a meeting of the association have been printed in red ink and distributed in circular form throughout the city. The clergymen call upon citizens to boycott weekday games so long as the league persists in playing Sunday ball.

Woman Was Not Murdered.

CAMBRIDGE SPRINGS, Pa., May 3.—Examination showed that the woman whose body was found in a box here had died of pneumonia. It is believed the remains came from Conneaut. There is no clue to the identity or solution of the mystery.

Maintained Criticisms Were Unjust.

WASHINGTON, May 3.—Mr. Gallinger (N. H.), chairman of the pensions committee, presented a memorial in the senate from the Union Veteran union complaining against the government's pension policy, and he made the memorial the text for a speech in which he maintained the criticisms were unjust.

Strive for a Pure Food Show.

WASHINGTON, May 3.—Mr. Mason (Ill.) addressed the senate in support of his proposition to enact legislation to prevent the adulteration of food.

SWALLOW FOR PRESIDENT.

Nominated by United Christian Party. Platform Favors Christ's Principles in Government.

ROCK ISLAND, Ill., May 3.—The United Christian party national convention closed with the nomination of Rev. S. C. Swallow, of Harrisburg, Pa., for president and John G. Woolley, of Chicago, for vice president.

The entire session was devoted to the preparation of a platform, which, as finally adopted, declares that the time has arrived when the eternal principles of justice, mercy and love, as exemplified in the life and teachings of Jesus Christ, should be embodied in the constitution of the nation, and applied in concrete form to every function of government.

WILD ENTHUSIASM FOR THE NEBRASKAN.

Michigan Democrats Cheered Every Mention of His Name—Bryan at a Banquet in Detroit.

DETROIT, May 3.—The old learned street Auditorium, the scene of many a notable political feast, sheltered a banquet which far eclipsed, in point of numbers present, any similar event hitherto held in Michigan, and none certainly ever surpassed the occasion in respect to party enthusiasm. It was the "dollar dinner" of the Mohawk club.

The bright particular star was Democracy's distinguished leader, William Jennings Bryan. His name, as often as it fell from the lips of the other speakers, all of whom preceded him, brought tremendous salvos of applause.

G. W. Gleason, president of the Mohawk club, presided; Hon. Thomas E. Barkworth, of Jackson, was the toastmaster, and Detroit's Democratic mayor, Hon. William C. Maybury, welcomed the Mohawk's guests.

"The Minority" was the toast assigned the first speaker, Hon. James Hamilton Lewis, of Washington.

Congressman William Sulzer, of New York, responded to "Imperative Issues."

"Democracy" was the topic on which Colonel Bryan spoke, and the greeting he received seemed almost boundless in enthusiasm.

Other speakers were Hon. George P. Hummer, of Holland, and State Senator Helme, of Adrian.

REPRIMANDED CAPT. CHADWICK.

His Criticism of Admiral Schley Rebuked by Secretary Long.

WASHINGTON, May 3.—Secretary Long made public the correspondence which has taken place between the navy department and Captain Chadwick respecting the published interview in which the captain is reported as severely reflecting upon Rear Admiral Schley. The secretary's letter was forwarded only after the secretary had had a conference on the subject with the president. The department's action in the case is a severe reprimand, and it is noteworthy that its letter has been made public; a fact which in itself adds to the weight of the punishment administered.

Captain Chadwick's defense was that the criticism was made in a private conversation and was not intended for publication, nor to be considered as an interview.

To Establish Battlefields Park.

WASHINGTON, May 3.—Mr. Sewell (N. J.) secured the passage of a bill in the senate to establish the Fredericksburg and adjacent national battlefields memorial park in Virginia. One bill includes the battlefields of Fredericksburg, Chancellorsville, the Wilderness, and Spottsylvania.

A Real El Dorado.

Real diamonds have been found along the Maserana river in British Guiana, and that colony, according to the Indianapolis News, is anticipating a great boom as soon as the facts are known. The gems are of the Demara variety and are regarded as valuable. It was near the scene of the present find that Sir Walter Raleigh unsuccessfully tried to find the El Dorado along the Orinoco more than 400 years ago.

Majority Swept Canal Bill Through House.

PASSED BY A VOTE OF 225 TO 35.

Motion to Recommit and Report Back Another Measure Buried Under Adverse Majority of 52 to 171—Fortification Feature Left Out—Rows Occurred.

WASHINGTON, May 3.—The house, at the conclusion of the most stormy debate of the present session of congress, passed the Nicaragua canal bill by the overwhelming vote of 225 to 35. A attempt to retain in the bill the language of the original bill for the fortification of the canal and to still further strengthen the language on that line were balked, and the victory of Mr. Hepburn and the committee was complete. A motion to recommit the bill with instructions to report back another bill leaving the selection of the route to the president was buried under an adverse majority of 52 to 171.

Mr. Cannon, chairman of the appropriation committee, and Mr. Burton, of Ohio, chairman of the rivers and harbors committee, made a game fight to stall off action at this session, but their appeals were in vain, and the members rode rough-shod over all their arguments and protests.

Much excitement reigned throughout the day and several times bitter words were used. The excitement reached its climax in a highly dramatic scene between Mr. Hepburn and Mr. Cannon, when the former used the word "lie" and "har" as he denounced the distinguished chairman of the appropriations committee for attempting "to dishonor him." The house was in riotous confusion during the quarrel. Members crowded the aisles and the situation at one time was so threatening that Mr. Wheeler, of Kentucky, Democrat, sought to pour oil on the waters by raising a point of order. But he was not upheld and the two irate members carried their war to the very hilt. There was a show of peace at the close of the incident, but the feeling between the two men ran so high that the mutual retractions with which such incidents generally end were but the cloaks for the keenest and most cutting sarcasm.

Another scene occurred between Mr. Gaines and Mr. Mann. The former took exceptions to some remarks of the latter, saying they were "devoid of common decency, courtesy and gentility."

The bill as it passed the house was in part as follows.

Be it enacted, etc., that the President of the United States be and is hereby authorized to acquire from the states of Costa Rica and Nicaragua for and in behalf of the United States control of such portion of territory now belonging to Costa Rica and Nicaragua as may be desirable and necessary on which to excavate, construct and protect a canal of such depth and capacity as would be sufficient for the movements of ships of the greatest tonnage and draft now in use, from a point near Greytown on the Caribbean sea, via Lake Nicaragua to Breto, on the Pacific ocean; and such sum as may be necessary to secure such control is hereby appropriated out of any money in the treasury not otherwise appropriated.

Section 2.—That when the President has secured full control over the territory in section 1 referred to he shall direct the secretary of war to excavate and construct a canal and water way * * * * and the secretary of war shall also construct such safe and commodious harbors at the termini of said canal and such provisions for defense as may be necessary for the safety and protection of said canal and harbors.

Section 6.—That the sum of \$10,000,000 is hereby appropriated, out of any money in the treasury, not otherwise appropriated, toward the object herein contemplated, and the secretary of war is further hereby authorized to enter into a contract or contracts for materials and work that may be deemed necessary for the proper excavation, construction, completion and defense of said canal, to be paid for as appropriations may from time to time be hereafter made, not to exceed in the aggregate \$40,000,000.

WROTE ABUSIVE NOTE TO THE PRESIDENT.

Pettigrew Had Read In Senate One of His Measures—Turner Charged Abuse of Volunteers.

WASHINGTON, May 3.—In offering an amendment to the army appropriation bill, in the senate, providing that the volunteer soldiers in the Philippines who had remained there and performed willing service long after they were entitled to discharge should receive travel pay and commutation of subsistence less the actual cost of their transportation to the United States, Mr. Turner (Wash.) made an extended statement. The amendment, he said, applied to

about 10,000 officers and men scattered all over the country. He declared that the volunteers brought back to the United States from the Philippines had been "packed like swine in dark, filthy, rotten and antiquated vessels."

Mr. Turner said the secretary of war had estimated his amendment would cost about \$7,000,000 but he was satisfied the secretary had been imposed upon. He had carefully estimated the cost and did not think it would require more than \$1,500,000.

Mr. Hawley (Conn.) made the point of order against the amendment that it was a change of existing law and the point was sustained.

In a sharp speech Mr. Rawlins (Utah) declared that there was a distinction between the treatment of the Astor battery and the Utah battery.

Mr. Pettigrew bitterly denounced the government for keeping the volunteers in service after their time had expired.

Mr. Pettigrew then read many letters from officers and men of the South Dakota regiment in support of the statements he had made.

Commenting upon one of the letters, Mr. Pettigrew said that hundreds of soldiers who had served in the Philippines were now inmates of St. Elizabeth's insane asylum at Washington. At least 200, he declared, had committed suicide.

Mr. Pettigrew also had a letter read which he wrote to the president in which he used most violent and abusive language against the chief executive.

A DAY IN WALL STREET.

Over \$2,000,000 In Gold Engaged for Shipment by a French Steamer Today.

NEW YORK, May 3.—There were no transactions of any importance in the stock market to-day. Sugar opened at last night's price and moved up at one time $4\frac{1}{2}$ points, closing with a net gain of about 4. The constant fluctuations of this stock offered the room traders about their only opportunity for securing a turn during the greater part of the day, and they traded in it constantly in and out, helping on the aggregate of sales recorded in the stock without making any impression on the stock transfer books of the company. News of the stock consisted of rumors without verification. There is undoubtedly a feeling of dread among speculators that there may be a sudden and sectional development regarding the steel industrials and those stocks are sensitive to every passing rumor.

The announcement of further gold engagements for today's French steamer of \$2,100,000 was the signal for a general selling movement by this class of speculators. It had been taken for granted that large exports of gold would be made by Saturday's steamer, but the additional shipment by today's steamer, bringing the total to \$2,600,000, was a surprise.

The bond market was dull and irregular. Total sales, par value, \$1,438,000. United States refunding 2s when issued advanced $\frac{1}{8}$ and the 3s, old 4s and new 4s $\frac{1}{4}$ in the bid price.

Read Sibley Out of the Party.

WARREN, May 3.—Democrats of the Twenty-seventh congressional district have dumped Hon. Jos. C. Sibley. His alleged democratic actions during the last session of congress and his alleged support of M. S. Quay during the latter's attempts to succeed himself as United States senator are given as the causes. If Emery is nominated by the independent Republicans the Democrats may endorse him.

Fight Against Sunday Ball.

WHEELING, May 3.—The Ministerial association, of Wheeling and vicinity, has taken up the fight against Sunday baseball. Resolutions adopted at a meeting of the association have been printed in red ink and distributed in circular form throughout the city. The clergymen call upon citizens to boycott weekday games so long as the league persists in playing Sunday ball.

Woman Was Not Murdered.

CAMBRIDGE SPRINGS, Pa., May 3.—Examination showed that the woman whose body was found in a box here had died of pneumonia. It is believed the remains came from Conneaut. There is no clue to the identity or solution of the mystery.

Maintained Criticisms Were Unjust.

WASHINGTON, May 3.—Mr. Gallinger (N. H.), chairman of the pensions committee, presented a memorial in the senate from the Union Veteran union complaining against the government's pension policy, and he made the memorial the text for a speech in which he maintained the criticisms were unjust.

Strive for a Pure Food Show.

WASHINGTON, May 3.—Mr. Mason (Ill.) addressed the senate in support of his proposition to enact legislation to prevent the adulteration of food.

SWALLOW FOR PRESIDENT.

Nominated by United Christian Party. Platform Favors Christ's Principles in Government.

ROCK ISLAND, Ill., May 3.—The United Christian party national convention closed with the nomination of Rev. S. C. Swallow, of Harrisburg, Pa., for president and John G. Woolley, of Chicago, for vice president.

The entire session was devoted to the preparation of a platform, which, as finally adopted, declares that the time has arrived when the eternal principles of justice, mercy and love, as exemplified in the life and teachings of Jesus Christ, should be embodied in the constitution of the nation, and applied in concrete form to every function of government.

WILD ENTHUSIASM FOR THE NEBRASKAN.

Michigan Democrats Cheered Every Mention of His Name—Bryan at a Banquet in Detroit.

DETROIT, May 3.—The old Larned street Auditorium, the scene of many a notable political feast, sheltered a banquet which far eclipsed, in point of numbers present, any similar event hitherto held in Michigan, and none certainly ever surpassed the occasion in respect to party enthusiasm. It was the "dollar dinner" of the Mohawk club.

The bright particular star was Democracy's distinguished leader, William Jennings Bryan. His name, as often as it fell from the lips of the other speakers, all of whom preceded him, brought tremendous salvos of applause.

G. W. Gleason, president of the Mohawk club, presided; Hon. Thomas E. Barkworth, of Jackson, was the toastmaster, and Detroit's Democratic mayor, Hon. William C. Maybury, welcomed the Mohawk's guests.

"The Minority" was the toast assigned the first speaker, Hon. James Hamilton Lewis, of Washington.

Congressman William Sulzer, of New York, responded to "Imperative Issues."

"Democracy" was the topic on which Colonel Bryan spoke, and the greeting he received seemed almost boundless in enthusiasm.

Other speakers were Hon. George P. Hummer, of Holland, and State Senator Helme, of Adrian.

REPRIMANDED CAPT. CHADWICK.

His Criticism of Admiral Schley Rebuked by Secretary Long.

WASHINGTON, May 3.—Secretary Long made public the correspondence which has taken place between the navy department and Captain Chadwick respecting the published interview in which the captain is reported as severely reflecting upon Rear Admiral Schley. The secretary's letter was forwarded only after the secretary had had a conference on the subject with the president. The department's action in the case is a severe reprimand, and it is noteworthy that its letter has been made public; a fact which in itself adds to the weight of the punishment administered.

Captain Chadwick's defense was that the criticism was made in a private conversation and was not intended for publication, nor to be considered as an interview.

A WAY THEY HAVE.

What This East Liverpool Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of East Liverpool are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefits received from the use of tic in East Liverpool must be convinced. Read this:

Mr. G. H. Garner, the well known manufacturer of ice cream, at 168 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body, my appetite was poor and I was annoyed a good deal with a bloating at my stomach. There was also a urinary difficulty, and I felt, in fact, generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of, I made up my mind to try them and I purchased a box at the W. & W. pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite good and my old time vigor restored. I recommended them to many of my friends, among them P. J. Green, V. S., and they all speak of them in the highest terms."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A WAY THEY HAVE.

What This East Liverpool Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of East Liverpool are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefits received from the use of tic in East Liverpool must be convinced. Read this:

Mr. G. H. Garner, the well known manufacturer of ice cream, at 168 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body, my appetite was poor and I was annoyed a good deal with a bloating at my stomach. There was also a urinary difficulty, and I felt, in fact, generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of, I made up my mind to try them and I purchased a box at the W. & W. pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite good and my old time vigor restored. I recommended them to many of my friends, among them P. J. Green, V. S., and they all speak of them in the highest terms."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
